OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 13th July 1900.

OFFICIAL MEMORANDUM.

As some misapprehension appears to exist with regard to the object and scope of the Departmental Reports or Sections called for in connection with the preparation in this Office of the Annual Reports on the Material and Moral Progress and Condition of Mysore, the following observations will be recorded for the future guidance of Heads of Departments.

2. The Departmental Reports or Sections in question are required, not for a review by this Government, but for incorporation in the Provincial Report for Mysore which, in its turn, goes to the Government of India for reference in connection with the Parliamentary Blue Book relating to India. Each Section must therefore be confined to a clear and concise summary of the more important and noteworthy of the facts and figures bearing on the "Material and Moral Progress and Condition" of the State, in so far as they lie within the purview of the Department concerned. Discussions of policy, proposals for orders, elaborate descriptions of the machinery of Departments, lengthy enumerations of details, and matter of a like nature, are obviously out of place in such a document. Each Section should fit without effort into its appropriate place in the compilation, without requiring much previous condensation or revision. Subject to these conditions, Officers are of course free to make their respective Sections as informing and readable as possible within the limits of the space which the relative importance of the Sections may determine.

3. A general idea of the requirements in this respect may perhaps be better gathered by reference to the contents of a Report, as finally drawn up in this office. Each Head of a Department will accordingly be furnished with a copy of the Report for 1898-99.

4. In future, all Departmental Sections written invariably on one side of the page only, should reach this office on or before the 20th of July of each year, and the financial statements of the Comptroller at least within a week thereafter, so as to allow of the Provincial Report being drawn up and prepared in time for transmission to the Residency by the 1st of August succeeding.

By Order,
C SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Heads of Departments.

1. Letter No. A. T, 9-311—16903, dated the 27th July 1899, from the Post Master General, Madras, to the First Assistant to the Resident in Mysore.

2. Also Government of India Resolution No. 546, dated the 31st January 1888, in the Finance and Commerce Department.

No. 656-96—MIS. 153, DATED BANGALORE, 16TH JULY 1900.

ORDER THEREON—The Durbar approve of the suggestion made in the above by the Post Master General, Madras, and prescribe the following rule for the information and guidance of Heads of Departments and Deputy Commissioners of Districts in the State :—

"No application for employment in the Service of the Mysore State "shall be entertained from any person already in the service of the "Imperial Postal Department unless it is supported by a certificate from "the head of the applicant's Office stating that he has no objection to "the applicant relinquishing his present post."

Letter No. 89—47, dated the 9th July 1900, from the Comptroller to the Government of Mysore.

In acknowledging receipt of the bill enclosed in your docket No. 197—Mis. F. 457-92, dated 7th July 1900, I have the honor to state that the Dewan has ordered that the Mysore Government Account with Coutts & Co., London, should not, until further orders, be operated on. I would suggest, therefore, that Europe payments on account of stores, etc: required by Heads of Offices, including the Public Works Department, may, in future, be directed to be made by means of Drafts which may be had direct by the offices concerned from the Bank of Madras, Bangalore, the required funds being obtained on Bills sent to this office for enfacement of payment at the State Huzur Treasury.

No. 950-89—MIS. A. 457-92, DATED BANGALORE, 21ST JULY 1900.

ORDER THEREON—Communicated to the Secretary, Public Works Department, Deputy Commissioners of districts and Heads of Departments, for information and guidance.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary, Public Works Department.
The Deputy Commissioners of Districts.
The Heads of other Departments.

No. 1040-72—Mis. 222, dated Bangalore, 23rd July 1900.

Order—The official year 1899-1900 having come to a close, Heads of Departments, Deputy Commissioners of Districts and other Officers are reminded that their Annual Departmental Reports for that year are respectively due in this office on the dates specified below. It is requested that these dates be strictly adhered to, and that, if the printing of any report is likely to delay its punctual submission, such report be in the first instance sent up in manuscript.

2. With regard to the Reports of some Departments, there is reason to think that they are unnecessarily long and might with advantage be curtailed to a greater or less extent. Prescribed statements must not, of course, be omitted. But it would be convenient in every way if the various Departmental Reports could be drawn up and submitted in such form as to admit of their being readily embodied as Chapters in the State's General Annual Administration Report. The Land Revenue Chapter, as well as those relating to Municipal and Local Funds, will, as hitherto, be compiled in this office from the reports of Deputy Commissioners.

The Conservator of Forests and the Chief Engineer will be good enough to state whether their reports could not possibly be submitted before the 15th October and 1st December, respectively. It would facilitate the preparation of the Provincial Report and its issue before the end of October (*i. e.*, four months after the close of the year,) if the above officers could kindly try and arrange to send in their reports about the same time as the Heads of other Departments, *viz.*, the 1st or 15th September. Government are anxious that their Provincial Report should be issued at *the earliest possible date*, and they have no doubt that these and other officers will do every thing possible to place them in a position to give effect to this intention.

Secy. to Govt., Gen. & Rev. Depts.

No. 1118-20—P. & A. 106, DATED BANGALORE, 24TH JULY 1900.

ORDER THEREON—It is observed from the foregoing letter that the Deputy Commissioner and District Registrar had directed the officials referred to above to undertake journeys in connection with the Census of Agricultural Stock without any reference to the Inspector General of Registration, who is their immediate official superior, whereby much inconvenience had been caused to the public by closing the Registration offices on the said date. This procedure was objectionable and was opposed to the Order of Government No. 5597-605—Fl. 777, dated 3rd February 1900, which lays down clearly that "the Deputy Commissioner can avail himself of the services of the officials in any locality where their official superior could afford to give him the help required."

2. The bills submitted with the above are, however, sanctioned and forwarded to the Comptroller for audit, the charges being debited to "Land Revenue."

No. 1223-62—MIS. 254, DATED BANGALORE, 26th JULY 1900.

ORDER—Much inconvenience having been felt owing to the non-receipt of periodical reports and returns in due time, the Deputy Commissioners of Districts and Heads of Departments are requested to be so good as to submit all such reports and returns within the time prescribed. Delays, especially in respect of returns due to the Residency, are undesirable and Government hope that stringent measures will be adopted to prevent the same.

2. Every communication submitting a report or return after the due date should, it is requested, be accompanied by an explanation of delay.

Docket No. 955—797, dated 4th May 1900, from the Deputy Commissioner, Shimoga district, submitting, for sanction, the travelling allowance bill of K. Subba Rao, Amildar of the Tirthahalli taluk, for March 1900, amounting to Rs. 36, including batta at malnad rate, for halts and marches made beyond the limits of the State, *viz.*, in the South Canara district.

2. Letter No. 45, dated 4th July 1900, from the Comptroller to the Government of Mysore, furnishing his opinion on the subject.

No. 1316-17—P. & A. 112, DATED BANGALORE, 27TH JULY 1900.

ORDER THEREON—It is observed that under Appendix 26 C of the British Civil Service Regulations, which prescribes special rates of batta for special localities, only Officers of the 4th Class (*i. e.*, Officers in Superior Service whose pay is Rs. 100 and under) and menials of the 5th Class are entitled, while travelling in the South Canara district, to draw increased daily allowances at twice the ordinary rates, subject to a maximum of Re. 1. The provision referred to does not apply to the Amildar in question, as his pay is Rs. 150 and his daily allowance Rs. 3. The bill submitted with the above will therefore be sanctioned for the ordinary allowance admissible under the rules and forwarded to the Comptroller for audit accordingly.

2. The allowances which were inadvertently passed for Messrs. Nanjundaiyya, Deputy Commissioner and Shama Rao, Assistant Commissioner, Shimoga, at malnad rates for similar journeys to Udapi may, if the same have already been drawn, be retrenched in the usual way.

No. 1407-11—MIS. 294, DATED BANGALORE, 28TH JULY 1900.

ORDER THEREON—Under the circumstances pointed out in the above, Government direct that, in future, the Comptroller to the Government of Mysore should, in every case of a lent British officer, report to Government, for intimation to the Resident, before the 10th of the first month after the date on which the Orders of the Government of India, as to the rate of salary or contribution payable, will have effect, whether contribution has been paid as required by the Rules.

No. 1507-48—MIS. 318, DATED BANGALORE, 30TH JULY 1900.

ORDER THEREON—The International Catalogue of Scientific Literature proposed to be issued by the Royal Society of England is restricted to the subjects specified in the margin, and what is required by the Society is that as soon as an original work on any of these subjects is published, a slip or card containing the name of the author and a brief and intelligible description of the subject of the book should be sent to the Central Bureau in London through Regional Bureaus established in different parts of the world. The Asiatic Society of Bengal has undertaken to perform the functions of the Regional Bureau for India, and the Government of India have instructed Local Governments to direct the Librarian or Curator who receives copies of books under Article 25 of 1867, to obtain from the author of each scientific work a draft "Catalogue entry" on a slip of paper of any convenient size and forward it to the Asiatic Society together with a copy of the book, which last will be returned after verification of the entry. The Asiatic Society of Bengal have, on their part, issued a "Circular to authors of Scientific Publications" describing the scope and limits of the Catalogue and the manner in which the "slip entries" should be prepared.

Mathematics, Astronomy, Meteorology, Physics, Crystallography, Chemistry, Mineralogy, Geology (including Petrology), Geography, Palæontology, Zoology (including Anatomy) Botany, Physiology (including Pharmacology and Experimental Pathology), Bacteriology, Psychology and Anthropology.

2. The papers referred to above have been received from the Resident's office with the intimation that the Resident will be glad to know whether the Durbar will co-operate in the matter.

1. Director of Meteorology.
2. State Geologist.
3. Inspector General of Education
4. Senior Surgeon
5. Registrar of Authorized Publications.

3. The papers were forwarded to the Officers named in the margin for their opinion as to what could be done in the matter.

4. The Officers consulted are unanimously of opinion that the International Catalogue of Scientific Literature will be of great advantage to workers in science in all parts of the world, and that everything possible should be done to make the scheme a success. The Government agree in this view, and are pleased to direct that the papers received from the British Resident, *viz*, the Official Memorandum No. 599, dated 18th April 1900, of the Government of India, Home Department, and the Circular issued by the Asiatic Society of Bengal, be printed and communicated to the Heads of Departments and be also published as "Official Papers" in the *Mysore Gazette* for the information of the general public.

5. The Registrar of Authorized Publications is requested to make a special note of any scientific work falling within the scope of the Royal Society's list of subjects that may be included among the books received by him under the provisions of Act XXV of 1867 as in force in Mysore, and to obtain from the author of such work, under the authority contained in Rule 8 of the Rules published in Notification No. 7406—Mis. 2172, dated 23rd December 1899, a "Catalogue entry" as described above, together with a copy of the book to which the entry relates, and submit the same to Government, as early as possible. The Government will thereupon consult, if necessary, the Head of the Scientific or other Department which can throw light on the subject, and forward the papers to the Asiatic Society of Bengal, through the Resident in Mysore. To ensure that the subject is not lost sight of owing to the rarity of such publications in Mysore, a foot note should be entered in all Catalogues of Books hereafter submitted by the Registrar of Authorized Publications, conveying information as to whether any books of the nature now in question were published or not.

6. The Heads of Departments, particularly those whose work is of a scientific nature, are requested to bear the matter in mind, and give their help in examining any scientific works that may be published in their respective Departments.

7. About a dozen copies of the proposed catalogue will be subscribed for by Government and distributed to Heads of Scientific Departments as soon as they are received.

OFFICE MEMORANDUM.

AN attempt is being made by a large number of the scientific men of Europe, acting on an appeal put forward by the Royal Society of England, to publish an International Catalogue of Scientific Literature from the commencement of the Twentieth Century. The Catalogue is intended to be a record of scientific publication of all kinds, so as to enable students in different parts of the world to become acquainted, without loss of time, with observations recorded, and discoveries made, by those engaged in scientific research. The scheme for the preparation of the Catalogue is briefly as follows:—All original publications throughout the world, upon the marginally-noted subjects are, as far as possible, immediately after their appearance, to be recorded by means of entries made in the first place on slips or cards on which are to be stated the name of the author, the name of the subject, the title of the book or paper and such subject entries as may be necessary in order that the contents of the work may be indexed under the appropriate subdivisions of each science. Such slips or cards are to be immediately despatched to a Central Bureau in London, where they will be printed and published, both separately in the slip form, and also combined in a Book Catalogue which is to be issued at regular intervals. For the purpose of collecting materials and the preparation of slips, Regional Bureaus

Mathematics, Astronomy, Meteorology, Physics, Crystallography, Chemistry, Mineralogy, Geology (including Petrology), Geography, Palæontology, Zoology, (including Anatomy), Botany, Physiology (including Pharmacology and Experimental Pathology), Bacteriology, Psychology and Anthropology.

are proposed, one for each country. January 1st, 1900, is fixed as the date of the beginning of the Catalogue. The Asiatic Society of Bengal have undertaken to perform the duties of the Indian Regional Bureau, and the Government of India have intimated their desire to give the Society all reasonable assistance. Local Governments and Administrations have accordingly been instructed to entrust to the "Librarian" or "Curator" appointed by them to receive the copies of books sent to the Government by authors under the provisions of Act XXV of 1867, the duty of assisting the Society in obtaining full and early information regarding the publication of any scientific works in each Province and in framing the record of subjects and references required for the scheme. Local Governments and Administrations have been requested to direct this Officer to obtain from the author of each scientific work a draft "Catalogue entry" on a slip of paper of any convenient size and then to forward it to the Society, together with a copy of the book (which will be returned after verification of the entry) from which the entry has been made. It has been suggested that the Librarian should correspond direct with the Secretary of the Society in connection with these purposes. It has also been suggested to Local Governments and Administrations to invite local scientific societies to send in copies of their proceedings regularly to the Asiatic Society, as this seems to be the best means for that Society to obtain all papers on scientific subjects. It has been left to Local Governments and Administrations to issue any supplementary instructions that may seem desirable in order to secure the success of the work.

2. In order that they may be enabled to carry out their undertakings in connection with the preparation of the Catalogue, the Asiatic Society of Bengal have suggested that instructions may be given to the Heads of all Departments issuing publications, of which any of the contents come within the scope of the Royal Society's Catalogue, as explained above, to supply to the Asiatic Society "Primary slips" prepared in accordance with the instructions contained in the enclosed circular, which has been issued by the latter Society. It is accordingly requested that the necessary instructions may be issued to the Heads of all Departments subordinate to the $\frac{\text{Foreign Department}}{\text{etc.}}$, who may be concerned in the matter. It is also requested that similar action may be taken by the $\frac{\text{Foreign Department}}{\text{etc.}}$ itself in connection with any publication of the nature referred to which may be issued by it.

3. The undersigned is further to request that Native States may be asked to send a copy of all their publications of a scientific character to the Asiatic Society of Bengal.

To Foreign Department only.

ROYAL SOCIETY'S INTERNATIONAL CATALOGUE OF SCIENTIFIC LITERATURE.

Committee of Control of the Regional Bureau for India and Ceylon.

Asiatic Society of Bengal, 57, Park Street.

Circular to Authors of Scientific Publications.

The Royal Society have undertaken to prepare and conduct a catalogue of all scientific literature, published throughout the world, which shall be classified not only with regard to authors' names but also to the subjects dealt with in the publications. The task is beyond the power of any one body, whatever its resources, and in pursuance of this scheme the Asiatic Society of Bengal has, at the request of the Royal Society, undertaken the formation and conduct of a Regional Bureau for India and Ceylon; and has appointed a Committee to control the work of the Bureau. This Committee will undertake the collection and, where necessary, the preparation of the catalouge entries, which will be forwarded to the Royal Society for publication.

In view, however, of the impossibility of arranging for an adequate paid staff the Committee feels that it will be impossible to carry out the scheme unless loy-

ally supported by the authors of scientific books and papers which may be published in India or Ceylon, who can, besides, most rapidly and most completely indicate the scope of their essays.

The Committee desire, too, to bring to the notice of authors the advantages they will gain by preparing the Primary Slips in the manner detailed below. These, on receipt by the Committee, will be forwarded to the Royal Society, who will immediately print them in card form and distribute them to the subscribers. These will include all the principal scientific institutions in the world besides many of the principal workers in each science; in this way papers or books published in India will be brought to the notice of the scientific world and the present almost inevitable neglect of Indian publications be obviated.

Scope of the Catalogue.—The Royal Society has determined to recognise the following branches of science, *viz.*:—

A. Mathematics.
B. Astronomy.
C. Meteorology.
D. Physics.
E. Crystallography.
F. Chemistry.
G. Mineralogy.
H. Geology (including Petrology).
J. Geography.
K. Palæontology.
L. Zoology (including Anatomy).
M. Botany
N. Physiology (including Pharmacology and Experimental Pathology).
O. Bacteriology.
P. Psychology.
Q. Anthropology.

All books, or papers published in serials, which deal with any of these branches of science will be included, not excluding text-books and educational works.

Limits of the Catalogue.—The catalogue is limited to publications dealing with the branches of science of which a list has been given above.

Descriptions of engineering operations or manufactures are not included, unless, and only so far as, they may contain some contribution to the existing knowledge of one of the branches of science included in the catalogue.

Descriptions of forestry operations are not included, but publications which contain information regarding the habits of growth, etc., of trees may be included so far as this is a contribution to Botany.

Descriptions of the economic application of the natural products will be included so far as they bear, through the product utilised, or through the processes they are submitted to, on one of the branches of science included in the catalogue.

Medical or surgical papers, if purely clinical, pathological, or descriptive of operations, would not be included as such; but if they contain any contribution to the knowledge of the subjects included under Section N of the catalogue, they should be included. Descriptions of the medical or surgical beliefs of or practices of primitive tribes will be included under Anthropology.

Philological papers are not included except so far as they deal with the grammar, structure, or relation of one language with another, or with the use of language as a means of communication. Publications falling within these limits come under the heading of Anthropology.

Folk-lore is included as part of Anthropology.

Purely historical, antiquarian, or literary papers are excluded.

All anonymous pulications are excluded.

What is desired of Authors.—The assistance which the Committee ask of authors of papers coming within the scope of the catalogue is the preparation of a 'primary slip' which is required by the Royal Society as the basis of their catalogue and is to contain—

(i) *A Title-entry.*—Giving the author's name and the full title of the communication in the original language alone if the language be either English, French, German, or Latin. In the case of other languages, the title is to be translated into English; but in such

cases the original title shall be added when the language is one which can be conveniently printed.

The title shall be followed by every necessary reference including the year of publication, and such other symbols as may be determined. In the case of a separately published book, the place and year of publication and the number of pages, etc., shall be given.

(*ii*) *Subject-entries*, indicating as briefly as possible the principal subjects to which the communication refers. Every effort must be made to restrict the number of these subject-entries.

Such subject-entries shall be given only in the original language of the communication, if this be one of the four previously referred to, but in other cases in English.

Notes regarding the Preparation of Subject-Entries.—It is important to observe that what is required is not an index to the paper or book, but an index to the subjects treated of in the paper or book, and the entries should be as few and brief as is necessary to cover the scope of the paper.

Subject-entries should only be prepared for subjects which are so treated as to contain an addition or alteration to existing knowledge; subjects referred to merely as illustrations of the matters dealt with in the paper should not be indexed.

Subject-entries should be as concise as possible, and may often with advantage be preceded by a significant word indicating briefly the subject dealt with as in the case of some of the specimen primary slips appended to this.

In the case of papers dealing with Palæontology, Zoology or Botany the Primary Slip should contain a classified list of all new species described. If no new species are described, the subject-entries should indicate the natural orders, families, or genera dealt with and the subject dealt with in relation to them.

Books or papers whose scope is completely or sufficiently indicated by the title will require no further subject-entries.

Text-books and educational works whose scope is sufficiently indicated by their title require no subject-entries, except where they may contain additions to the existing knowledge of science, when subject-entries should be prepared for these parts only.

Specimen Primary Slips.—As a guide to the preparation of the Primary Slips a number of specimens, dealing with various branches of science are appended. Those submitted to the Society Committee may be on any convenient size of paper, but should be very clearly written, or if possible type-written.

Letter No. 2419, dated 9th May 1900, from the Chief Commandant, Mysore State Troops, enquiring what amount can be allowed to officials proceeding on duty to Ootacamund for tonga charges, from Coonoor to Ootacamund, as a railway has been opened from Metupalyam to Coonoor.

2. Letter No. 69, dated 5th July 1900, from the Comptroller to the Government of Mysore, submitting his opinion on the subject.

No. 1446-85—P. & A. 118, DATED BANGALORE, 30TH JULY 1900.

ORDER THEREON—Clerks and other Non-Gazetted Officers whose pay is less than Rs. 250, proceeding on duty to Ootacamund, were, under Appendix No. 6 of the Mysore Service Regulations, hitherto allowed to draw a lump sum of Rs. 20

for each journey of 32 miles by road from Metupalyam to Ootacamund and back, *i. e.*, at an approximate rate of 10 annas a mile. Now that the railway has been extended to Coonoor, the charges allowable for a journey from and to that station will, at the said rate, amount to Rs. 6-14-0, which is reasonable, and will accordingly be adopted and passed.

2. The Comptroller's action in having allowed mileage at the present rate, *viz.*, 12 annas per mile in the case of Officers drawing a pay of Rs. 250 and upwards for the journey mentioned above, is approved.

3. The necessary amendment required to the Mysore Service Regulations will be published by the Comptroller to the Government of Mysore.

READ—

Letter No. 7774, dated the 1st May 1900, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to submit herewith the budget estimate for May 1900, amounting to Rs. 8,101-7-0, from which, however, has to be deducted Rs. 552-8-0, being the pay of officers and subordinates of the Revenue and Medical Departments, which should, as usual, be debited to their respective Departments, thereby reducing the estimated expenditure on account of Plague for the month of May 1900 to Rs. 7,548-15-0.

ii. Letter No. 8134, dated the 30th May 1900, from the same Officer.

I have the honor to submit herewith the budget estimate of the Plague Department for the month of June 1900, amounting to Rs. 19,286-13-8 and to state that the increase in the present budget over those of the previous months is due mainly to the large sum of Rs. 10,000, provided in the budget for June 1900 for payment of compensation for houses already demolished in the Bangalore City under the Epidemic Diseases Regulation.

2. This will not cover the whole expenditure to be incurred under this head as there are still a number of houses marked for demolition which will have to be attended to after settlement of compensation for houses already demolished and for which the compensation alone is estimated at Rs. 6,000. This and the cost of demolition as well as the cost of removing the debris in the City is estimated for the present at Rs. 20,000 and this amount will have to be provided in the budget for July 1900 and subsequent months. In the meantime however, I have requested the President, City Municipal Commission, to settle the compensation in all cases in which houses have already been demolished before the end of the current official year.

3. If the pay of the officers of the Revenue and Medical Departments amounting to * Rs. 510 be debited as usual to their respective Departments, the expenditure on account of plague preventive measures will be Rs. 18,776-13-8 for June 1900.

*As per statement heroto annexed.

No. Pg. 48-49, DATED BANGALORE, 26TH JULY 1900.

EDUCATION

Proceedings of the Government of Mysore,

READ—

Letter No. 11874—560, dated 21st June 1900, from the Inspector General of Education in Mysore.

I have the honor to inform you that a grant of Rs. 8 a month in aid of the private English School at Manchenahalli in the Goribidnur taluk was sanctioned from the State Funds by Order No. 5266-7—Ed. F. 26-96 of the 10th November 1897. The school has been making marked improvement year by year and is preparing boys this year for the Lower Secondary Examination. The Manager and the Committee of the school say that the grant is quite inadequate to meet the expenses of the school and pray for an increased grant. They were told to deposit half the estimated cost of the school for a year in the Taluk Treasury before applying for a grant from Government. They have accordingly subscribed Rs. 180 and paid the amount into the Treasury at Goribidnur to the credit of the Village School Fund. Under these circumstances, I beg to recommend that a monthly grant of Rs. 30 for a year, from 1st July 1900, may be sanctioned for the aided private English School at Manchenahalli in the Goribidnur taluk from the Village School Fund, the grant of Rs. 8 paid from the State Fund being stopped from the same date.

No. 302-3—Ed. 2, dated Bangalore, 10th July 1900.

Order thereon—Sanctioned as recommended.

2. If the inhabitants of Manchenahalli, Goribidnur taluk, pay every year in advance into the Treasury similar contributions, *viz.*, Rs. 180, and if the school continues to show good progress, the grant-in-aid sanctioned above will be continued.

S. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

Report on Public Instruction in Mysore for 1898-99, submitted with letter from the Inspector General of Education, No. 9403—436, dated 4th April 1900.

Also—Report on the working of the Central College, Bangalore, for the same year.

No. 2189—Ed. 85, dated Bangalore, 14th July 1900.

Order thereon—*Revision of the Educational Department.*—A revision of the Educational Department of the State was carried out during the year under review and a re-classification and a new scale of pay of Educational Officers, other than of the Inspection Staff, were adopted.

2. *Number of Schools and Scholars.*—During the year, the total number of Educational Institutions, both Public and Private, was 3,781 with 1,03,181 pupils (consisting of 89,507 boys and 13,674 girls) against 3,795 Institutions with 1,10,970 pupils (95,472 boys and 15,498 girls) in the previous year. The number of Public Institutions was 2,064 with 82,645 pupils against 2,100 with 90,428 pupils. The total number of Educational Institutions, decreased by 14, and that of pupils by 7,789. This decrease was chiefly due to the prevalence of plague in various parts of the State.

3. *Percentage of Scholars to Population.*—The percentage of boys and girls under instruction to the male and female population of school-going age was, respectively, 24·52 and 3·78 against 26·16 and 4·29 in the previous year

4. *Expenditure.*—The aggregate expenditure of the Education Department was Rs.9,91,003 as against Rs. 9,87,430 in the previous year, and was met from the following sources :—

	1897-98	1898-99	Difference.
State Funds . .	5,63,017	5,73,428	+ 10,411
Local Funds	2,11,694	2,20,409	+ 8,715
Municipal Funds	33,254	33,752	+ 498
Fees . ..	98,912	80,550	— 18,362
All other sources	80,553	82,864	+ 2,311
Total .	9,87,430	9,91,003	+ 3,573

5. *Results of Examinations.*—The Government note with satisfaction that though the attendance of the Central College suffered greatly on account of the plague, the results obtained at the University Examinations were very good. Taking this College and the Maharaja's College together, 36 passed the English Branch and 54 the Second Language Branch of the B. A. Degree Examination, 12 passed in Mathematics. 19 in Physics (from the Central College) and 14 in History (from the Maharaja's College). Fifty-eight candidates passed the F. A. Examination and 122 the Matriculation Examination of December 1898, the percentage of success being, on the whole, above the University average in each case.

Twenty candidates passed out of 72 in the Upper Secondary Examination, the percentage of passes being 35·1 against 55·5 in the previous year. In the Mysore Lower Secondary Examination, 209 candidates were successful out of 713 that went up with English as their First Language, yielding a percentage of 29·3 against 30·2 in the previous year. Out of 1,178 candidates who took up one of the Vernaculars or Sanskrit as their First Language, 6·73 passed altogether showing a percentage of 58·8 against 50·2 in the previous year.

The results of the other examinations do not call for any special notice.

6. *Special Schools.*—The number of Night Schools remained the same (48) as in the previous year. The Shimoga, Hassan and Kadur Districts, each with but one Night School, are especially backward in this respect.

Turning to the work of the Industrial Schools, the more important one at Mysore secured good results in the Madras Technical Examination of November 1898 and April 1899. The school at Hassan, which is on a smaller scale, as well as four Aided and one Unaided Institutions, are also reported to have made good progress.

Scholarships amounting in the aggregate to Rs. 12,869 were paid during the year to students undergoing technical and professional instruction of different kinds.

There were 40 Sanskrit Schools, including the School Departments of the Sanskrit Colleges, and although as compared with the previous year the number increased by one, there was a falling off in the number of pupils from 1,303 to 991. It is reported that purely Sanskrit Schools are, as a rule, in a languishing state, though the study of Sanskrit is as popular as ever. This needs further explanation.

The Schools for the Depressed Castes increased from 49 to 51 and contained 1,314 pupils, of whom 177 were girls. In the Indigenous Schools there were 251 boys and 5 girls, and in other Public Schools 219 boys and 28 girls. The total number under instruction was 1,817.

7. *Female Education.*—The number of Girls' Schools increased from 186 to 191. Of these 110 were maintained by Government, 76 were aided, and 5 were unaided. The total number of girls under instruction was 13,674 against 15,493 in the previous year. The aggregate expenditure on Female Education was Rs. 1,28,893 or Rs. 2,315 in excess of the expenditure incurred in the year 1897-98, and was made up of Rs. 91,427 from State Funds, Rs. 2,329 from Local Funds, Rs. 1,644 from Municipal Funds, Rs. 464 from Fees and Rs. 33,029 contributed by private bodies and individuals. The expenditure from the State Funds on the Maharani Girls' School was Rs. 33,196.

Only one student passed the Matriculation Examination of December 1898, out of four that went up. Out of the three that appeared for the Upper Secondary Examination, only two attended the examination and both of them failed. One passed the Upper Secondary Teachers' Certificate Examination from the Training Department of the Maharani Girls' School. One out of seven passed the Lower Secondary Examination in English, and 14 out of 25 in Kannada. The results of these examinations were, on the whole, unsatisfactory.

8. *Inspection.*—The Inspector General toured for four months during the year, and inspected many of the Educational Institutions in the districts of Mysore, Hassan, Kadur and Shimoga. A fair amount of inspection work was also performed by the Deputy and Assistant Deputy Inspectors.

9. *Oriental Library.*—The urgent work of publication prevented the Curator, Oriental Library, and his Pandits from going on a tour in search of manuscripts. Valuable works consisting of 361 Sanskrit and 93 Kannada manuscripts were, however, added to the Library, and several additions were also made to the series of works published by it.

10. *Registration of Publications.*—The number of publications registered during the year was 123 (82 books and 41 periodicals) and of these 37 were Educational and 86 Non-Educational. Rs. 3,298 were expended in the encouragement of authors, either in the shape of remuneration in money or by the purchase of copies, or in a few cases, of the entire copyright. Encouragement in one or other of these ways was shown in about 36 instances. The value of the Stock in the Central and Branch Book Depots together was Rs. 1,10,850. The sale proceeds amounted to Rs. 19,186 against, Rs. 24,838 in the previous year. This excludes Rs. 4,923, being the value of books, &c., supplied to Departmental Institutions and Offices. The cost of maintaining the Depots amounted to Rs. 6,030.

11. *Concluding Remarks.*—In conclusion, it is gratifying to note that, in spite of the disastrous effects of the plague, the standard of education attained in the previous years showed no deterioration during the year under review.

Proceedings of the Government of Mysore,

READ—

Letter No. 3737—320, dated 23rd April 1900, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to state that Government, in Proceedings No. 372—3, dated 16th June 1893, sanctioned the employment of a carpenter mestri on Rs. 15 per mensem with a view to teach carpentry to the men of the Special Reserve Police, Bangalore

The school was accordingly started and worked for some time and abolished afterwards as it was found to interfere with the drill and other work of the men. The services of the carpenter mestri were, however, utilized in the Head-Quarter Police Stores of my office for the packing, &c, of clothing and other articles supplied to districts.

The services of an additional clerk are found very necessary for maintaining the store registers which are now revised and which require one man exclusively for them and for attending to correspondence in that branch which has become very heavy A full time carpenter is not necessary as some of the packing work required may be carried out by orderlies.

Under those circumstances, I request that Government will be pleased to permit me to utilize the pay of the carpenter mestri, namely, Rs. 15, for a clerk to the Police Stores pending sanction of Government for increase of my office establishment, proposals for which were submitted with my letter No. 4026—454, dated 3rd June 1897.

No. 170-1—J. 20, DATED BANGALORE, 6TH JULY 1900.

ORDER THEREON—The proposal made by the Inspector General is sanctioned:

I have the honor to forward herewith a printed Search List Form in use in the Madras Presidency and to state that, with a view to secure uniformity and prevent any possible malpractices being resorted to by the subordinate police, the same form may with advantage be introduced into the Mysore State The form, if introduced in the Mysore State, should be printed in English and Kanarese, in triplicate, so that the counterfoil may be retained in the Station House, the duplicate and triplicate being submitted to the Magistrate and the Superintendent of Police concerned

2. Under these circumstances, I request you to be so good as to move Government to accord sanction for the introduction of the Search List referred to.

No. 172-73—J. 21, DATED BANGALORE, 6TH JULY 1900.

ORDER THEREON—The Government are pleased to authorize the introduction of the form in question into the Mysore State and the Superintendent, Government Press, will comply with indents from the Inspector General of Police in Mysore for the forms which should be printed in English and Kanarese in triplicate.

Letter No. 2587—127, dated the 8th January 1900, from the Inspector General of Police in Mysore, requesting that the Comptroller may be authorized to admit the expenditure of Rs. 104-12-0 sanctioned by him for "Secret Service" in the French Rocks subdivision.

2. Letter No. 6452—2253, dated the 19th June 1900, from the Comptroller to the Government of Mysore, reporting upon the case brought to notice by the Inspector General of Police and suggesting that the Inspector General of Police may be authorized to sanction Rs. 50 under the head "Secret Service" in each case within the budget provision as in the case of "Rewards for good service."

3. Government Proceedings No 5039-48—Cir. 105, dated the 11th August 1890, defining the powers of the Inspector General of Police in regard to expenditure under the head "Secred Service" and "Good Services"

No. 653-54—J. 67, DATED BANGALORE, 16TH JULY 1900.

ORDER THEREON—The Order of 11th August 1890 differentiates between rewards for "Secret Service" and rewards for "Good Service." It was naturally the intention of Government that the Head of the Police Department should have freer hand in respect of the former than in that of the latter. The Inspector General was accordingly authorized to sanction expenditure *up to Rs. 100* under "Secret Service" while he was asked to submit to Government for special sanction *every* recommendation for the grant of a reward for good service irrespective of the amount involved. He felt the inconvenience of this Order as regards rewards for "Good Service" and accordingly made a representation to Government, who in Proceedings No. 15858-8½—J. F. 371-92, dated 19th March 1894, authorized him to pay, without their previous sanction, rewards of this description to the extent of Rs. 50 *in each case* within the limit of the budget grant. Previously to that Order, he had in the one case power to grant a reward up to Rs. 100 while in the other he had none at all. The latter disability was removed and power was given to him to the extent of Rs. 50. The Order of 11th August 1890 does not use the words "in each case" as the Order of 19th March 1894 does. But it was certainly not intended that the Inspector General should not have larger powers much less that he should have smaller powers in the matter of rewards for "Secret Service" than in that of rewards for "Good Service." Government agree with the opinion of the Inspector General that he is entitled to sanction rewards in each case under the former head to the extent of Rs. 100 subject of course to the condition that the total budget allotment is not exceeded without previous sanction. To remove all doubt and ambiguity on the point, they are now pleased to lay down that the Inspector General's powers are limited to Rs. 100 in each case of reward for "Secret Service" and to Rs. 50 in each case of reward for "Good Service."

Report on the working of the Companies' Regulation No. III of 1895 in Mysore for the twelve months ending 31st March 1900, received with letter No. 51, dated 7th May 1900, from the Registrar of Joint Stock Companies in Mysore.

No 840—J. 96, DATED BANGALORE, 19TH JULY 1900.

ORDER THEREON—One hundred and forty-three Companies were working at the close of the previous year. Three Companies were newly opened during the year under review of which one was an Agricultural Bank, while the other two were Companies limited by shares. Four Banking and Loan Companies were voluntarily wound up and five of the same class ceased to work; thus in all 137 Companies remained working at the close of the year 1899-1900 of which 64 or 46·7 per cent were Agricultural Banks.

2. Owing to the closing of the nine Companies referred to above and to the withdrawal of shares by members of a few others, the aggregate nominal and paid-up capital decreased during the year under review from Rs. 41,80,000 and Rs. 22,33,428 to Rs. 38,40,100 and Rs. 19,77,707, respectively.

3. Three hundred and eighty-two documents were registered during the year as against 424 in the previous year. The fees realized, however, increased from Rs. 313 to Rs. 398-6-0 owing to the registration of the three new Companies already referred to.

4. No prosecutions were instituted during the year against any of the Companies.

5. Thirty-eight Companies or 27·7 per cent of the total number are reported to have been inspected during the year by the Registrar.

Letter No. 3386—219-1900, dated 14th July 1900, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to forward for your information a copy of the marginally noted correspondence regarding the execution of a warrant issued by the District Magistrate of Dharwar.

From First Assistant Resident, to the District Magistrate, Dharwar, No. 2085, dated 30th April 1900.
From the District Magistrate, Dharwar, to District Magistrate, Shimoga, No. 3199, dated 10th May 1900.
From District Magistrate, Shimoga, to District Magistrate, Dharwar, No. 2791, dated 28th May 1900.

2. The District Magistrate of Shimoga, seems to the Resident, to be under a misapprehension as to the procedure which should be observed when a warrant is issued by a Magistrate in British India for the arrest of any accused person in Mysore. The procedure which has hitherto been observed in these cases is that the British Magistrate issues the warrant direct to the Mysore Magistrate. The latter executes the warrant as soon as possible and, unless the most convenient course is to send the prisoner to the British frontier by road, causes him to be escorted by the police of his own district to the nearest railway station where he is handed over to the Civil and Military Station Railway Police. (In the case of Shimoga the nearest railway station at which Civil and Military Station Railway Police are stationed is Birur, as the Durbar have not ceded jurisdiction over the Birur-Shimoga Line). The Civil and Military Station Railway Police then escort the prisoner as far as the frontier of British India and there hand him over to an escort of British Police whose duty it is to cause him to be produced before the Magistrate who issued the warrant.

3. The proposal of the District Magistrate of Shimoga that a Police Officer should be deputed by the District Magistrate of Dharwar to take charge of the prisoner in question on each of the four dates on which his release is possible is opposed to this procedure. The District Magistrate of Shimoga should himself re-arrest the prisoner under the warrant issued by the District Magistrate of Dharwar as soon as he is released and cause him to be escorted by the police of his district to Birur Station and there handed over to the Civil and Military Station Railway Police unless it is found most convenient to escort the prisoner by road to the Dharwar boundry. I am to suggest that orders may be issued in this sense to the District Magistrate of Shimoga.

No. 1083-90—J. 118, DATED BANGALORE, 23RD JULY 1900.

ORDER—The Government regret to observe that there is much unnecessary delay in the submission of the return of persons made over for trial by the Mysore Courts under the provisions of the Foreign Jurisdiction and Extradition Act XXI of 1879. The return for the last half year was received on the 16th instant from the Kolar district alone, and none from any of the other districts. A wire was accordingly sent to each of the latter District Magistrates on the 17th idem. Two statements have been since received from the Bangalore and the Tumkur districts—one of them being a *nil* return—and the District Magistrate of Mysore reports that the statement had not been received from the Assistant Commissioner-Magistrate at French Rocks. The other District Magistrates have not yet submitted any reply. Such delays are very unsatisfactory and as a reminder has been received from the Residency the District Magistrates concerned are requested to submit their returns forthwith.

2. Government direct that these returns shall in future be submitted so as to reach the Secretariat on or before the 10th of the month following the half year to which they relate, and District Magistrates are expected to see that this order is strictly enforced.

Correspondence ending with letter No. 262—12, dated 21st July 1900, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your docket No. 12221—J. 1208, dated 8th May 1900, forwarding copy of letter No. 2022, dated 30th April 1900, from the First Assistant to the Resident and subsequent reminder regarding the importation of some sulphur into the Bangalore City by one Bapanna, I have the honor to forward herewith copy of docket No. 30, dated 19th instant, from the Deputy Commissioner, Bangalore, with its enclosures in original.

Docket No. 30, dated 19th July 1900, from the Deputy Commissioner, Bangalore District, to the Inspector General of Police in Mysore.

His No. 4005—443, dated 17th May 1900, and reminder No. 134—17, dated 12th July 1900, forwarding, for enquiry and report, a petition, in original, from Virasawmi Naidu of Madras, regarding the importation of sulphur, without a permit, into Bangalore City by one R. Bapanna.

ENCLOSURE.

With reference to the above, has the honor to state as follows :—

(1) There is no person by name Bapanna in the Bangalore City who deals in combustible substances.

(2) On enquiries made at the railway goods-shed it is learnt that on the 14th April last, Messrs. Jagannatha Chetty & Co. had booked different kinds of articles to R. Papanna, C. Bassappa, Virabadrappa and Srikantappa of the City. The accounts of these persons were examined and it was found that each of the above individuals had received 20 pounds of sulphur among other articles.

(3) The above named persons are respectable merchants and are well-known dealers in native drugs in the City. The stock in the possession of these was examined and each was found to possess a quantity less than what he had received. The enclosed invoices show that none of them received more than 20 pounds of sulphur from Jagannatha Chetty & Co., on the 14th April 1900.

(4) Specimen of the sulphur imported by the above merchants is sent in the cover marked "A." It is understood that this kind of sulphur is not used for the preparation of gun-powder, &c., but that it is sold only for medicinal purposes. Specimen of the sulphur used for the former purpose is enclosed in cover marked "B."

(5) As the importation of small quantities of medicated sulphur is not prohibited, no further action has been taken in the matter.

No. 1349-57—J. 148, DATED BANGALORE, 27TH JULY 1900.

ORDER THEREON—The Government observe that the view taken by the Deputy Commissioner is incorrect. The Mysore Arms Regulation of 1890 and the Rules framed thereunder do not differentiate between sulphur of one kind and another, and the fact that the sulphur imported by R. Papanna and the three others referred to was intended to be used medicinally, and was not of the kind used in the manufacture of gun-powder, &c., is no reason therefore for holding the consignees exempted from the operation of the Arms Regulation. The quantity imported by each of them on the 14th April last is reported to have been 20 pounds, and as this was more than three times the quantity allowed free under Government Notification No. 7237—J. 803, dated 14th December 1897, the consignees have clearly laid themselves open to prosecution, and prompt steps should be taken accordingly and the result reported.

Letter No. 35 of the 21st instant, from the District Magistrate, Hassan district, applying for an extradition warrant against the accused Kocha and Narsinga therein referred to.

No. 1382-89—J. 150, DATED BANGALORE, 27TH JULY 1900.

ORDER THEREON—The necessary application has been forwarded to the Residency But on a perusal of the records submitted with the above it is observed that the case was originally reported by the Police in "B" form, and when one of the accused was placed before the Stationary Sub-Magistrate of Puttur at a subsequent stage of the case, he did not order his arrest but had bail taken for his appearance whenever required, the reason assigned for the Sub-Magistrate's action being "want of sufficient evidence." Such being the case the District Magistrate should have fully explained the evidence available and made it clear that the case justified his application for an extradition warrant. But the District Magistrate's memo contains a mere narration of the circumstances of the case without any attempt at throwing light on the evidence actually available. Even the names of the witnesses are not given in the memo, which is also unaccompanied by the usual English translations of the statements of witnesses. The necessary translations have been made in this office to avoid further delay in a case which has already suffered from considerable delay, and the Government trust that future applications of the kind in question will be submitted with promptitude and in as complete a form as possible.

2. As already remarked, there appears to have been much unnecessary delay in the handling of this case. The alleged occurrence was on the 29th September 1899 and the First Information Report was submitted on the following day. But the local Police took more than three months to complete their investigation. They submitted a "B" Report in the case on the 10th January 1900, and the Taluk Magistrate did not examine the complainant till the 24th of the following month when the latter himself appeared with a petition complaining of the delay. He appears to have presented two previous petitions to the Amildar-Magistrate urging for the speedy disposal of his case. There is another petition on record, dated 30th November 1899, purporting to be from Devi, a witness in the case, complaining of Police delay and annoyance. These points do not appear to have attracted the District Magistrate's notice. His attention will now be invited to them and he will be requested to report the result of his action for the information of Government.

(1). Letter No. Gl. 11167—Legis. 156, dated the 9th April 1900, from the Secretary to the Government of Mysore. General and Revenue Departments, to the First Assistant to the Resident in Mysore :—

"I am directed to forward the accompanying copy of a Draft Regulation to amend "the law relating to Legal Tender and Coinage in Mysore, and to ex- "plain that it is intended to give effect to Article 13 of the Instrument of "Transfer.

"2. The wording of the said Article is followed in Section 2 of the Draft Regu- "lation, which will provide for the automatic application to Mysore of the "provisions of British Indian Coinage laws. In view of this it is unneces- "sary to retain separately on the Mysore Statute book the Indian Coinage "Act, 1870, as extended to Mysore in November 1870 ; and the same is "accordingly proposed to be repealed in Section 3 of the Draft Regulation.

"3. I am to request that the approval of the Government of India to the passing "of the Draft Regulation may be kindly obtained at an early date, so as to "enable the Durbar to take action in the manner suggested in your letter "No. 1172, of the 9th March 1900."

(2). Letter No. 2575—202-900, dated the 29th May 1900, from the First Assistant to the Resident in Mysore, communicating the sanction of the Government of India to the Draft Regulation to amend the law relating to Legal Tender and Coinage in Mysore, forwarded with the above.

Owing to the insufficiency of funds the provisions made under "A, Public Works" for repairs to certain roads, excepting two for which repairs are reported to have already been effected, as well as for new roads (Rs. 3,300) under "B. Public Works" will be struck out, a corresponding reduction being made under "III. Establishment" as shown in the margin.

4. *C. Civil Charges. I.—Head Office.*—The provision now made for the charges on account of the salaries and pensions of the Local Funds Branch of the Deputy Commissioner's office, payable in accordance with the instructions conveyed in Government Proceedings No. 5212-20—L. F. 3-97, dated 31st October 1899, and for Rs. 130 for the purchase of office furniture sanctioned in Government Proceedings No. 469-70—L. F. 3-97, dated 7th July 1899, accounts for the increase under this head. The estimate is allowed.

5. *III. Hospitals and Dispensaries, and IV Midwives.*—The new provisions of Rs. 39 made for furniture supplied to Her Highness the Maharani's Female Hospital at Mysore and of Rs. 30 on account of the increased salary of the midwife at Nagamangala from Rs. 15 to Rs. 20, are sanctioned.

6. *V. Sweepers for 3rd Class Travellers' Bungalows, &c.*—The increase of Rs. 58 proposed under this head is on account of the salary of a sweeper on Rs. 5 sanctioned in Government Proceedings No. 3253-4—L. F. 49-98, dated 5th September 1899, to the musafirkhana at French Rocks. The provision is approved.

7. The other items call for no remarks and are passed.

C.	Civil Charges ...	9,303	10,359
	Total . .	44,904	47,678
IV	Closing Balance	16,144	2,721

9. Notwithstanding the reductions made in para 3 *supra*, the closing balance is only Rs. 2,721, which is less than the prescribed minimum by Rs. 8,054. Every endeavour should be made to maintain the usual balance by effecting savings, if possible, in the sanctioned items.

10. The attention of the President is invited to Government Proceedings No. 1564-5—L. F. 259-96, dated 28th July 1898, and he is requested to see that, in future, the supplemental budget is submitted at least three months before the close of the year to which it relates.

READ—

Budget estimates of the District Fund Board of the Mysore Circle for the year 1900-1901 received from the President with his letter No. 764, dated the 14th February 1900.

No. 877-88—L. F. 42-99, DATED BANGALORE, 21ST JULY 1900.

ORDER THEREON—The total income for the year 1900-1901 is estimated at Rs. 76,222 against Rs. 74,521 the actuals of 1898-99 and Rs. 74,041 the sanctioned estimate for 1899-1900.

2. *Seventy-six per cent of One-Anna Cess.*—The total demand under this head for the year 1900-1901, including the arrears of the previous years, is shown in Enclosure A as Rs. 59,282, of which Rs. 58,509, expected to be collected during the current year, is entered as the estimate. This is in excess of that sanctioned for 1899-1900 by Rs. 2,614, due chiefly to the settlement of the T. Narsipur and Nanjangud taluks. The estimate is approved.

3. *V. Tolls.*—The increase of Rs. 656 over the sanctioned estimate for the previous year is said to be due to the establishment of a toll-gate at the Yedatore bridge recently sanctioned by Government in Proceedings No. 11702-3—L. F. 57-98, dated 17th April 1899. The estimate is passed.

4. *IX. Miscellaneous.*—The estimate under this head includes Rs. 90 expected as "Refund of advances" on account of District Fund works. As Government Proceedings No. 12437-44—L. F. 48-98 of the 2nd May 1899 lays down that the inclusion in budget estimates as items of revenue of sums which are adjustable only in accounts is incorrect, the estimate will be struck out.

5. The diminished estimate of Rs. 3,423 under "Rent and fees from markets" is based upon the actuals for 1898-99, and is sanctioned.

6. *Opening Balance.*—In lieu of the estimate of Rs. 17,840 proposed in the budget, a sum of Rs. 21,278 will be entered under this head with reference to the sanctioned estimates for 1899-1900 and the actual balance on 1st July 1899 as per particulars given in the margin.

3. Estimated expenditure for 1899-1900	..	87,453
4. Closing balance of 1899-1900	..	21,278

EXPENDITURE.

7. *A. Public Works to be executed by the Public Works Department.*—The usual provision on account of the maintenance of Koulandi-Santemarahalli road is entered under "II Repairs," notwithstanding the observation made in Government Proceedings No. 3015—R. 971 of 19th October 1899 to the effect that a larger allotment was necessary for the road. The President is requested to state why no additional provision was made as directed in the above Order, and whether the extra cost is intended to be met from the provision of Rs. 2,100 made for reserve for minor works under this head.

The correct provision that has to be made under "III Establishments" on account of supervision charges at 17½ per cent on the cost of works is Rs. 5,674 and not Rs. 5,582 as entered in the budget. The former figure will be adopted.

8. *B. Public Works to be executed by the Revenue Department.*—The provision under this head includes Rs. 600 for repairing the seven miles of the road from Madapur to Kaliyur in the T. Narsipur taluk at Rs. 80 a mile. The correct amount that has to be entered is only Rs. 560 which will be retained in the budget.

Establishment charges at 10 per cent on the cost of works provided under this and other heads noted in the margin amounts to Rs. 1,477 and not Rs. 1,500. The former figure will be retained in the budget.

	Rs.
B. Public Works to be executed by the Rev. Dept.	11,160
C. VI Sanitary charges	1,520
X. Miscellaneous	940
Destruction of cover afforded to snakes	300
Repairs to cattle pound	850
Total ...	14,770

9. *C. Civil Charges, I. Office Establishment.*—The correct amount to be provided under this head towards the pay, &c., of the establishment in the President's Office is Rs. 1,893 as per particulars given in the margin. This will be substituted for Rs. 1,721 entered under this head. It is noted that the usual provisions on account of the establishments maintained in the Local Funds and Municipal Departments of the Dewan's and Comptroller's Offices have been omitted in the present budget as, under Government Proceedings No. 7605-13—L. F. 67-98 of the 4th January 1900, their cost is debitable entirely to Provincial Funds.

	Rs.
1. Contribution towards pay and pension as per Proceedings No 5212—L. F. 3-97, dated 30th December 1899.	1,551
2. Batta to clerks	30
3. Contingencies	252
4. Furniture	60
Total ...	1,893

II. Medical Scholarships.—Only Rs. 140 against Rs. 420 provided in the previous year's budget has been entered in this budget on account of scholarships to students in the Indigenous Hospital, as their term of studentship for three years will expire by the end of October 1900. The provision of Rs. 514 under this head is approved.

10. *III. Hospitals and Dispensaries, (a) Her Highness the Maharani Hospital.*—The information called for in regard to the strength of the establishment of Her Highness the Maharani Hospital in this office docket No. 1634—L. F. 218-96, dated the 30th July 1898, and in para 10 of Proceedings No. 12437-41—L. F. 48-98, dated the 2nd May 1899, has not yet been furnished. This should be now done. Pending information, the estimate will be retained provisionally.

Charge Allowance.—The increased rate of the charge allowance to each of the Hospital Assistants at Hunsur and Periyapatna provided for in the present budget is approved, as the same has been sanctioned by Government in Proceedings Nos. 5696-8—L. F. 291-96 and 8075-77—L. F. 291-96, of the 16th November 1899 and 16th January 1900, respectively. The omission of the usual provision on account of house rent for the dispensary at Gundlupet is stated to be due to the construction of a building for the purpose at Government cost.

	¾rds quota entered in the District Fund budget for 1900-1901.	¼rd quota entered in the Municipal budget for 1899-1900.
1. Dispensary at Old Agrahar—	Rs.	Rs.
Contingency .	83	40
2. Dispensary at Erangere—		
Contingency ...	84	40

The marginally noted discrepancies pointed out in Government Proceedings No. 12437-41—L.F. 48-98, dated the 2nd

May 1899, have not been explained. The explanation should now be furnished. Pending information the items will not be disturbed.

11 *V. Sweepers for 3rd Class Travellers' Bungalows and Musafirkhanas.*—The estimate under this head, which includes the pay of the below noted sweepers newly sanctioned by the Government, is passed.

			Rs.	
1.	Musafirkhana at Chunchinkatte, one sweeper on		7	G. O. No. 4535-6—L. F. 48-98, dated 3rd October 1899.
2.	Ditto	at Saligrama ditto	6	
3.	Ditto	at Heggaddevankote ditto	5	
4.	Ditto	at Belekere ditto	5	G. O. No. 5089-90—L. F. 269-92, dated 16th Nov. 1899.
5.	3rd Class Travellers' Bungalow at Chunchinkatte one on		7	G. O. No. 7756-7—L. F. 269-92, dated 8th January 1900.

12. *VI. Conservancy and Sanitary Charges.*—The increase of Rs. 60 proposed on account of pay of sweepers is due to provision made for an additional sweeper on Rs. 6 (entertained on Rs. 5 only) sanctioned for Yelwal in the Mysore taluk in Government Proceedings No. 3251-2—L. F. 48-98 of the 5th September 1899. The provision made is approved.

13. *IX. Contribution.*—The provision of Rs. 1,620 entered under this head, which includes the sum of Rs. 1,420, being the contribution payable to the Mysore City Municipality for the maintenance of the District Fund roads within its limits as per Government Order No. 10033-42—L. F. 77-93, dated 6th March 1900, is passed.

14. The variations under the other items call for no special remarks and are passed.

15. The budget estimates of receipts and expenditure of the Mysore District Fund Board for 1900-1901 are sanctioned as per details given in the accompanying appendices of which an abstract is given below—

Total ...		1,621
Total, of A., B., and C. .		16,640

2. *Opening Balance.*—The increase under this head is due to the actual balance according to the Comptroller's accounts having been entered in the present budget in lieu of the approximate estimate adopted in the original budget. The estimate is approved.

3. *A. Public Works to be executed by D. P. W.*—The amount provided under this head represents the excess expenditure incurred by the Public Works Department in 1898-99. As the said amount is ascertained to have been expended and included in the accounts of that year, no necessity exists for the proposed provision, which will be struck out.

4. *B. Public Works to be executed by Revenue Department.*—The provision made under this head is on account of items already sanctioned, and the estimate proposed is allowed.

C. CIVIL CHARGES.

5. *I. Office Establishment.*—The increase provided under this head is in accordance with the scale of charges payable by the Mysore Local Fund Circle fixed in Proceedings No. 5212-20—L. F. 3-97, dated 31st October 1899. The provision is sanctioned.

6. *III. Hospitals and Dispensaries.*—The provision made for the increased rates of charge allowance to the Hospital Assistants at Hunsur and Periyapatam, sanctioned in Proceedings of 16th November 1899 and 16th January 1900 Nos. 5696-8—L. F. 291-96 and 8075-7—L. F. 291-96, respectively, accounts for the increase under this head. The estimate is retained.

7. *V. Sweepers for 3rd class Travellers' Bungalows and Musafirkhanas.*—The provision under this head includes the salaries of sweepers recently sanctioned for the musafirkhanas of Chunchinkatte, Saligram and Belikere and for the 3rd class travellers' bungalow at Chunchinkatte, as also the sums required for the purchase of cooking utensils to be supplied to the musafirkhanas referred to, and is apporoved.

8. The other item, *viz.*, the one under "Contribution" calls for no remark, and is passed.

2. *I Octroi.*—The budget of Shimoga provides for an increase of Rs. 250 under "Betel leaves" said to have been based on the probable collections of 1898-99. As these amount only to Rs. 869, and as no special reasons have been given for anticipating an increased revenue, the estimate will be reduced to Rs 891, the average collections of the two years commencing from 1st July 1898. The other budgets, which expect an enhanced income from Octroi, are Honnali and Sagar, where Octroi on sheep and goats and tobacco has been introduced in accordance with Government Proceedings No. 3297-8—L. F. 35-98, dated 6th September 1899, and No. 7815-6—L. F. 35-98, dated 9th January 1900. The new estimates entered in these budgets are passed.

3. *II House tax.*—The increase under this head, which is chiefly in the budgets of Honnali and Nyamti, is stated to have been based on the Jamabandi figures for 1898-99. The estimates are allowed.

4. *Opening Balance.*—It is not clear how the estimates proposed under this head have been arrived at. The marginally noted figures, based upon the actual balance on 1st July 1899 and the sanctioned estimates of receipts and expenditure for 1899-1900, will be adopted as the correct opening balances for 1900-1901.

EXPENDITURE.

5. II. *Head Office.*—The omission made in the present budgets of the usual provisions on account of contributions towards the cost of establishments maintained in the Dewan's and Comptroller's Offices, in accordance with Government Proceedings No. 7605-13—L. F. 67-97, dated 4th January 1900, accounts for the decrease in the estimate under this head. As the provision made towards the salaries and pension charges of the District Office Establishment is not in accordance with the sums fixed in Government Proceedings No 5212-20—L. F. 3-97, dated 31st October 1899, the necessary alterations will be made and the provision corrected accordingly.

6. *III. Collection (a), Octroi.*—The provision newly made in the budget of Sagar on account of the monthly allowance of Rs 2, sanctioned to the Sayer manegar in the Proceedings No. 7815-6—L. F 35-98, dated 9th January 1900, for the collection of Octroi duties in the town, accounts for the increase in the estimate under this head, which is allowed.

7. *IV. Conservancy.*—The variations in fixed charges proposed under this head are as particularized in the margin. As most of these items have been already sanctioned in the Proceedings specified against them, the provisions made for the same

will be retained, with the observation that in the case of the increased rate of pay of the sweeper at Kumsi, the authority sanctioning it should be quoted.

8. *VIII. Public Works*—The provisions made under this head on account of works to be executed in the several Municipalities, and for supervision charges, are passed.

9. *IX. Charitable Grants and XI. Miscellaneous.*—The following variations are proposed in the budgets of certain Municipalities :—

Municipality	Items.	As existing.			As proposed.		
		No	Rate	Amount	No	Rate.	Amount.
Shimoga ..	IX (a) Dispensary—House rent	1	8	96		...	.
	Petta Dispensary charges	...	..	144	..		..
Channagiri .	XI Miscellaneous—Gardener	...	..	..	1	5	60

10. The omission of provisions for house-rent and for the Petta Dispensary is respectively due to the location in a municipal building of the Female Dispensary and to the closing of the Branch Dispensary at Shimoga under orders of the Civil Surgeon.

11. The proposed employment of a gardener on Rs. 5 per mensem in the Channagiri Municipality was sanctioned in Proceedings No. 7103-4—L. F. 80 98, dated 21st December 1898, temporarily for one year. Pending the submission of a separate reference and the issue of final orders of Government in regard to the permanent retention of the hand, the provision under "XI. Miscellaneous" will stand.

12. The other items call for no special remarks and are passed.

13. The budget estimates of Receipts and Expenditure of the several Municipalities in the Shimoga district for 1900-1901 are sanctioned as per details given in the accompanying appendices of which an abstract is given below :—

RECEIPTS.

2. The increase under "I. Octroi," "IV. Tax on Vehicles, &c.," and "V. Tolls" is due respectively to the extension of Octroi duty, the levy of taxes on carriages and animals and the imposition of tolls, recently introduced in the City Municipality, and that under other items of taxation, to the rise in the valuation of houses and the opening of new shops. Under "X. Miscellaneous (b) Loans," the increase is the result of the inclusion of the loan of Rs. 10,000, sanctioned in Proceedings No. 14708-9—L. F. 43-98, dated 29th June 1899, but not taken into account in the original budget. The other increases are not noteworthy. The estimates referred to are passed.

EXPENDITURE.

3. *II. Head Office.*—Items 1, 3 and 4 are stated to have been in adjustment of charges already incurred and item 2 on account of extra advertisement charges incurred in giving wide publicity to the levy of taxes referred to in para 2 *supra*. The provision is approved.

4. *III. Collection (a) Octroi.*—The provision made for the additional establishment, costing Rs. 288 per mensem, sanctioned in Proceedings No. 10121-22—L. F. 194-94, dated 8th March 1900, tentatively till the end of 1899-1900, and for furniture, printing charges, &c. (Rs. 300) accounts for the increase under this head, which is allowed.

5. *IV. Conservancy.*—Provision has now been made for the extra conservancy establishment, the necessity for which was recognised in para 7 of Proceedings No. 7786-7—L. F. 72-98, dated 8th January 1900. The estimate is passed.

6. *VI. Health Office and Registration of Births and Deaths.*—The extra provision made under this head on account of the constitution of a Health Office and the revision of the establishment for registration of births and deaths is in accordance with Government Proceedings No. 1291-3, dated 19th April 1900, and is allowed.

Approval is likewise accorded to the provision of Rs. 217 made on account of the salaries of two dafadars and 26 watchmen proposed to be employed for watching the burning and burial grounds in the city in lieu of the police force to be dispensed with under instructions contained in para 15 of the Plague Commissioner's letter No. 7521, dated 9th April 1900, printed with Government Proceedings No. 1291-3, dated 19th April 1900. A statement showing the existing burial and burning grounds and the watchmen attached to each should, however, be submitted for the information of Government.

7. *VIII. Public Works—(a) Supervision.*—The proposed increase of Rs. 5 to each of the four Sub-Overseers referred to in para 7 of Government Proceedings, dated 8th January 1900, is sanctioned, and the provision made therefor is approved.

8. *IX. Charitable Grants.*—The increases provided under this head are chiefly on account of the four dispensaries to be newly opened in the I, III, IV and VII Divisions of the town and the Epidemic Diseases Hospital, as well as of increased charges of the existing dispensaries at Arlepet and in the Fort and of the Maternity Hospital. The provisions made for the four new dispensaries will be retained subject to the submission of definite proposals in regard to each.

As a moiety of the cost of the Epidemic Diseases Hospital debitable to Provincial Funds under the concluding para of the Plague Commissioner's Memo, printed with Proceedings No. Pg. 1291-3, dated 19th April 1900, is entered as contribution on the side of Receipt, the provision made for the full cost thereof

under this head is approved. The other items are in accordance with sanctions already conveyed by Government and the provisions made therefor will be passed.

9. *XI. Miscellaneous.*—The provision made under this head on account of the gratuity payable to Mr. Tivari, the late Municipal Engineer, is allowed.

10. The other items call for no remarks and are passed.

11. In sanctioning, as per details given in the accompanying appendix, an abstract whereof is set down below, the supplemental budget estimates of receipts and expenditure of the Bangalore City Municipality for 1899-1900, it is observed that, as regards items not separately sanctioned or only tentatively sanctioned, the sanction conveyed by this Budget Order extends only up to the end of the official year under advertance, *i. e.*, to the end of June 1900.

No. 910—L. F. 262-96, DATED BANGALORE, 21ST JULY 1900.

ORDER.—As several applications have of late been received for the grant of loans for sanitary and other purposes, Government deem it desirable to state distinctly, for the general information of Municipal Boards that, under existing and prospective financial conditions, it is not possible for the State to grant any loans for some time to come, and that Municipal Boards, which are unable to provide from their ordinary revenue for unavoidable items of expenditure, must raise the necessary funds in the open market after obtaining the previous sanction of Government.

READ—

Letter No. 327, dated the 29th June 1900, from the President of the Municipalities in the Kolar district, to the Secretary to the Government of Mysore, General and Revenue Departments.

Adverting to para 9 of Government Order No. 13508-22—L. F. 53-99, dated the 21st June 1900, I have the honor to state that the dieting charges referred to were provided for in the Municipal Fund budget of 1900-1901 in accordance with the provisions made in the District Fund budget.

2. As regards the information wanted in para 10 of the above Order, I beg to state that an increase of Rs. 800 over the sanctioned estimate of Rs. 1,000 for 1899-1900 was provided for on account of the repayment of the additional loan of Rs. 5,000 sanctioned for the sanitary improvement of the Kolar town in Government Order No. 885-6—L. F. 4-99, dated the 15th July 1899.

No. 1151-52—L. F. 53-99, DATED BANGALORE, 25TH JULY 1900.

ORDER THEREON—The explanations given in the above are accepted, and provisions, tentatively, retained under "Charitable Grants" in certain Municipalities in the district and under "XI. Miscellaneous (a) Repayment of Loans" in Kolar, are passed finally.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of Municipalities, Kolar District.
The Comptroller to the Government of Mysore.

READ—

Letter No. 710, dated the 26th April 1899, from the President of the Municipal Commission, Mysore City, applying for a loan of Rs. 2,62,911 for town improvements.

ALSO—

Correspondence ending with letter No. 2, dated the 5th July 1900, from the same Officer, praying that at least a loan of Rs. 18,638 may be granted if the Government is not disposed to grant the whole of the sum of Rs. 2,62,911 applied for in the above.

No. 931-5—L. F. 204-93, DATED BANGALORE, 21ST JULY 1900.

ORDER THEREON—The President is referred to Government Proceedings No. 910—L. F. 262-96, dated the 21st July 1900, and he is informed that the Government are unable to grant the loan applied for under existing circumstances.

2. Government take this opportunity to note that the condition of the finances of the Mysore City Municipality demands energetic and sustained action on the part of the Board and its Executive Officers. The municipal income of the city is not what it should be for its size and importance. The taxation is in urgent need of revision, and should be brought up to the standard of what obtains in similar cities elsewhere.

3. The Government has already spent large sums of money on measures of plague prevention—which elsewhere is a charge on Municipal revenue,—on the water-supply of the city, and on the improvement of the city in various ways. There still remain several other works to be carried out, for which the necessary funds must be provided by the Board out of its ordinary income, supplemented, if need be, by a loan raised in the open market on the security of the Municipal income. But before any such loan can be raised, the Municipal Board has to place its income and expenditure on a satisfactory basis, and draw up a sound programme for the repayment of the required loan. With such a programme before it, and with proper safeguards for its punctual fulfilment, the Government will be able to sanction the raising of the loan with a definite Government guarantee for its due repayment.

4. In the meantime, the demolition of houses certified by the Health Officer to be unfit for habitation is a work of improvement, which must be urgently carried out, and the President must find the requisite funds therefor by suspending expenditure on all other ordinary work. He should report whether any, and what, portion of the loan already sanctioned by Government has been utilized for the demolition of houses and, if no portion has been so utilized, explain why not. He should also submit a report, accompanied by an abstract statement of income and expenditure, on the present financial condition of the Municipality, its capability to meet the expenditure required for removing condemned houses and opening out streets, any retrenchments the present expenditure can admit of, and the resources that exist for improving the income. This report should be submitted as early as possible; but its submission need not delay the taking on hand of the work of demolition already ordered, which must be started forthwith.

2. *II. House Tax.*—The large increase expected under this head in the budget of Turuvekere and the decrease in that of Kyathsandra have not been explained. The omission should be supplied. Meanwhile the estimates will stand.

3. *VII. Miscellaneous.*—The increase under "Shop-tax" in the budget of the Koratagere Municipality is stated to have been based on the jamabandi figure. The estimate is approved.

4. *Opening Balance.*—It is not clear how the figures under this head have been arrived at in the case of certain municipalities. With reference to the actual balances on 1st July 1899 according to the Comptroller's accounts and the sanctioned estimates for 1899-1900, the correct figures as noted in the margin will be entered.

EXPENDITURE.

5. *II. Head Office.*—In the consolidated statement of Nonavinkere, Rs. 25 is entered under this head, while the correct total of the figures entered in detailed Statement No. III. is only Rs. 22. The latter figure will be adopted in the budget and the necessary corrections made therein.

6. *IV. Conservancy.*—The marginally noted variations in the fixed charges under this head are proposed in the budgets of certain municipalities. The provision of Rs. 24 made in the sanctioned budget of Holavanhalli for 1899-1900 for the pay of the supervising peon has been omitted in the present budget and in lieu thereof the pay of the gumasta has been raised by Rs. 24. The necessity for this revision requires explanation, which should be furnished and final sanction obtained before utilizing the provision. The other items of variation are allowed to stand, pending the issue of final orders on the President's separate reference No. 877, dated 16th May 1900, received on the subject.

7. *VI. Registration of Births and Deaths.*—The new provision of **Rs. 120** made under this head is stated to be on account of the pay of a daroga proposed to be entertained in the town of Tumkur, with effect from 1st July 1900, for the registration of births and deaths. The provision is allowed to stand pending the submission of a copy of the Board's resolution on the subject with a report as to how the work was hitherto performed and why the same arrangement could not be continued without any cost to the municipality.

8. *VIII. Public Works.*—Owing to the insufficiency of funds, the provisions made for "VIII. Public Works" in the marginally noted municipalities will be reduced as particularized against each. The other items are passed.

9. *XI. Miscellaneous.*—The budget of Kyathsandra embodies a new provision of Rs. 50 on account of commission to pound-keeper. The provision is approved.

10. The other items call for no remarks and are passed.

11. The budget estimates of the several Municipalities in the Tumkur district for 1900-1901 are sanctioned as per particulars given in the accompanying appendices of which an abstract is given below :—

12. It is observed that the budget statements have not been prepared with sufficient care. The correct grand total of receipts as per details given in the budget of Tumkur is Rs. 19,355 and not Rs. 19,295, as erroneously entered therein; and similarly the correct total of receipts of Pavagada for 1900-1901 is Rs. 804 and not Rs. 809. Such mistakes should be avoided in future.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

2. *I. Octroi.*—The increase under "Octroi" in Hiriyur is due to the taxation of certain additional articles in accordance with Proceedings No. 14033-4—L. F. 40-98, dated 14th June 1899, with effect from 1st July 1900. The decrease under the same head in Hosdurga is the result of the Board's proposal to postpone the extention of Octroi sanctioned in Government Proceedings No. 12177-8—L. F. 40-98, dated 8th September 1899, owing to the disturbance to traffic caused by plague. The estimates are sanctioned.

3. *X. Miscellaneous.*—The fact that loans were granted to the Municipalities of Davangere and Harihar during 1899-1900, but none such are expected during 1900-1901, accounts for the decrease in the estimate under this head, which is passed.

4. *Opening Balance.*—It is not clear how the estimates under this head have been arrived at. With reference to the actual balance on 1st July 1899 and the sanctioned estimates for 1899-1900, correct balances as shown below will be adopted in the present budgets:—

No.	Municipalities.	As proposed.	As sanctioned.

EXPENDITURE.

5. *II Head Office.*—Under this head no provisions have been entered in the budgets of the newly constituted Municipalities of Turuvanur and Nayakanhatti on account of the cost of District Office establishment, and in the marginally noted municipalities variations as specified against each have been proposed. As these are in accordance with the scale of contributions towards the cost of the District Office establishment and pensions fixed in Proceedings No. 5212-20—L. F. 3-97, dated 31st October 1899, the estimates are passed.

No.	Municipalities	1899-1900.	1900-1901.

2	Hosdurga	35	47
3	Hiriyur	24	29
4	Jagalur	33	37
5	Molakalmuru	35	46
6	Malebennur	...	8
	Total ...	166	213

6. *III. Collection*—The budget of Hiriyur provides Rs. 15 on account of percentage remuneration for the collection of Octroi duties in accordance with Proceedings No. 14033-4—L. F. 40-98, dated 13th June 1899. The provision is approved.

7. *IV. Conservancy.*—The marginally noted variations are proposed in the fixed charges of certain municipalities under this head. The increase proposed in the budget of Chitaldrug on account of hire of carts and in the budget of Nayakanhatti on account of remuneration to Begars and peon's pay is due to provisions made in the present budget for the full year instead for a portion thereof as in the respective budgets for 1899-1900. The omission in the present budgets of provisions sanctioned for 1899-1900 on account of temporary sweepers and carts for Davangere and new carts for Hiriyur accounts for the decrease in those budgets. The provisions newly made in the budgets of Holalkere, Challakere and Malebennur for additional hands and in the budget of Molakalmuru for an increase of pay to the existing peon will be allowed to stand, pending the issue of final orders on separate references received in regard to each. The President proposes a revision in the number and rates of salaries of the conservancy establishments in the Chitaldrug Town Municipality as noted below. As this involves a saving of Rs. 10, the revision proposed is sanctioned, and the provision approved with the observation that such proposals should invariably form the subject of separate correspondence in future, and should only be exhibited in budgets after sanction shall have been obtained thereto. :—

8. *VIII. Public Works.*—The provisions made for Public Works are sanctioned, subject to the submission of estimates in the usual course.

9. *IX. Charitable Grants and X. Education.*—The usual provisions under these heads have been omitted in the budgets of Hosdurga and Molakalmuru, pending the issue of final orders of Government on the President's proposal to relieve the municipalities of these charges. The estimates are approved.

10. The other items call for no remarks and are passed.

11. The budget estimates of receipts and charges of the several municipalities in the Chitaldrug district for 1900-1901 are sanctioned as per particulars given in the accompanying appendices of which an abstract is given below :—

12. From the above, it appears that the closing balances in the marginally noted municipalities are below the prescribed minimum. Endeavours should be made to effect a saving out of the sanctioned allotments in the budgets of these municipalities, unless the actual balances on 1st July 1900 should prove to be in excess of the sanctioned estimates.

REVENUE

Proceedings of the Government of Mysore,

READ—

The Seventh Annual Report on Meteorology for the year 1899, received with letter No. 753, dated the 19th May 1900, from the Director of Meteorology in Mysore.

No. 40-48—R. F. 56, DATED BANGALORE, 2ND JULY 1900.

ORDER THEREON—*Atmospheric Pressure.*—The seven years' average yearly mean reduced to mean sea-level and Lat. 45° for the four stations of Bangalore, Hassan, Mysore and Chitaldrug, ranged between 29·768 and 29·789 against 29·767 and 29·788 in 1898. The monthly mean pressure was normal, the months of highest and lowest pressure being as usual, December and June. For the last seven months of the year 1899, the daily maximum pressure was much above the normal, whereas in 1898 the pressure for the last four months was everywhere below the normal. This fact explains the failure of the North-East Monsoon in 1899.

Temperature.—The variations of dry temperature for 1899 from the average of the past seven years were as shown below:—

		Bangalore.	Hassan.	Mysore.	Chitaldrug.
Average for 1893-99	...	75·0	73·4	76·7	77·5
Variation from the average	...	—0·1	0·0	—0·3	+0·3

The first half of the year was abnormally cool, followed by a strong heat-wave during July, August and October, while the mean temperature calculated for the whole year is almost normal. The month of March proved to be the hottest throughout the State, the hottest month normally being April.

Humidity.—Owing to the failure of the North-East Monsoon, the lack of humidity during the last three months of the year under report was abnormal. The average for the past seven years was between 57 and 62 per cent.

Rainfall.—The average rainfall for the past seven years was 31·22 inches, and the fall during the year was below the average by 9·10 inches.

Wind Velocity.—The greatest wind velocity for any day during the year was 554 miles at Mysore, 451 at Bangalore and 205 at Hassan, all on the 14th June. At Chitaldrug, the maximum velocity, *viz.*, 386 miles, was on the 5th July, the velocity on the 14th June being only 310 miles.

The report, which is full of interesting details and diagrams, will be published and copies distributed as usual.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Director of Meteorology in Mysore, with a request that 12 more copies of the Report may be supplied to the Secretariat.

Correspondence ending with letter No. 2963—504-99, dated 23rd June 1900, from the First Assistant to the Resident in Mysore, forwarding the following copy of letter No. 479, dated 12th idem, from the Director General of Statistics in India regarding Statistics of Rape Seed.

I have the honor to acknowledge the receipt of your letter No. 615—504-499, dated the 5th February 1900, relating to the separate specification of Rape Seed in Table A—3 (area under crops) of the Agricultural Statistics.

2. It appears from the answers to my letter of the 21st October 1899, No. 402, that the position as regards Rape Seed and the possibility of differentiating it from Mustard is as follows:—

Rape Seed is not cultivated in Madras, Berar and Mysore, and it is of no importance in the Central Provinces. In Bombay, the North-Western Provinces and Oudh, and the Punjab, no difficulty is anticipated in respect of its separate specification. In Bengal, three seeds are grouped under the general head of Mustard and Rape, and it is considered impracticable to separately specify Rape Seed. In Assam also, it is so similar in appearance to Mustard that separation is considered impracticable.

3. Thus, although there would be no difficulty in some Provinces in separately enumerating Rape Seed, it cannot be done in others. On the whole, therefore, it will perhaps be expedient not to incur the risk of error by attempting the separation of Rape Seed from Mustard, but to group both in the Agricultural Statistics in a column headed "Rape and Mustard."

4. The new column should be placed in Table A—3 under Oil Seeds after Til or Gingelly, and the information should be stated for 1899-1900 and succeeding years. In Madras, Berar and Mysore, where the seed is not grown, the new column need not be inserted in the form.

No. 293-300—R. 109, DATED BANGALORE, 11TH JULY 1900.

ORDER THEREON—Communicated to the Deputy Commissioners of Districts for information.

Correspondence ending with docket No. 562—S, dated 26th February 1900, from the Deputy Commissioner, Hassan district, submitting for sanction an estimate for Rs. 17,269-15-0, being the amount required for repairing boundary marks in the Government unoccupied lands in the Hassan district, measuring 703,200 acres.

No. 470-71—R. 169, DATED BANGALORE, 17TH JULY 1900.

ORDER THEREON—From the above it is observed that nothing whatever has been done to the bhands since the Survey Settlement, which took place in 1882-83. This is very unsatisfactory. The sanctioning of expenditure is easy enough, but what is required to be made clear is whether there is any guarantee that the money will be properly and fully spent. It is also not clear why the Deputy Commissioner provided for only a hundred rupees in the last year's budget when this correspondence was going on. The increased rate at Rs. 10 per 1,000 acres allowed for repairing the bhands under para 12 of Rule XXX of the Land Revenue Rules will, however, be sanctioned for this year (1900-1901). The Deputy Commissioner must understand that the Government looks to him for ensuring the money being spent properly for the object sanctioned. He should depute a special officer for supervising the work, who should be made to send special reports once a fortnight. The Amildars of taluks are of course primarily responsible and they should send fortnightly reports, and state the result of their inspection in their monthly diaries. A consolidated report with the remarks of the Deputy Commissioner will be sent for the information of Government once a month till the whole work is completed.

The other Heads of Departments.

No. 534-573—R. F. 17-98, DATED BANGALORE, 20TH JULY 1900.

ORDER—Under Article 136 of the Civil Account Code, Volume 1, 5th Edition, the grant of house-building advances to the extent of six months' pay is limited to Public Officers who desire to build houses at places where none are available or where house-rent is dear; but in their Proceedings No. 3528-562—Fl. 365, dated 28th November 1898, the Government were pleased to relax, temporarily, the Codal provision and to authorise the payment of an advance of one year's pay to such of the public servants, including menial servants, as might come forward within six months from that date to build suitable houses in the Basavangudi and Malleswaram extensions of the Bangalore City for their per-

sonal residence, the amount being recovered from the salary of such public servants in four years, instead of two years, as laid down in the Civil Account Code. This concession was subsequently extended in Government Proceedings No. 1569-98—R. F. 17-98, dated 19th August 1899, up to the end of December 1899. These concessions apply only to the case of Government officials residing in Bangalore. There is a large number of officials who are either natives of Bangalore or wish to build in the extensions but who, owing to their living outside Bangalore, cannot avail themselves of the advantage of the Government Order. Moreover, the period fixed for the concessions has expired.

2. There is a large number of sites still unoccupied. Meanwhile, plague has re-appeared in the City and emphasised the necessity for the inducements to move out of the old City being continued. The Government understand that the wave of malaria that is evidently passing over the whole City, and particularly over the Malleswaram extension, has checked building operations to some extent.

3. Under these circumstances, Government consider that the system of advances to be re-paid in easy instalments should be continued for some time longer. The advance system should be placed on an independent basis as one of the recognised methods of dealing with plague-stricken localities or with places like Hoskote and Hariyur, which, owing to climatic changes, have become uninhabitable. To meet these and other cases of extensions, Government hereby rule that whenever a town has, by reason of changes in climatic conditions or repeated epidemics of plague or cholera, become unfit for habitation, every inducement should be given to the inhabitants by allotment of new sites and affording them facilities for water, and providing them with roads to move to new situations selected by the Deputy Commissioner, in consultation with the Sanitary authorities.

4. Government officials, including servants in the Municipal and Local Funds Departments, will be given advances of one year's pay to be repaid in four years with interest at 4 per cent. The repayments will be deducted monthly from the pay of the officials.

5. These concessions will be in force till the end of June 1901, and are intended to apply only to officials of moderate means. It is accordingly ruled that in no case shall the total sum advanced exceed Rs. 5,000.

6. In the case of officials eligible for insurance under the State Insurance Scheme, no building advance shall be sanctioned unless they have insured their lives under that scheme, nor shall such advance exceed the Bonus payable under the Insurance Policy. In addition to the usual security, the Insurance Policy shall also be pledged as security for the repayment of the advance.

7. The advances to be given under the foregoing instructions will be paid in two equal instalments, the second instalment not being paid until the actual expenditure of the first upon the proposed house—not merely collection of materials—has been duly certified to by the Deputy Commissioner or other authority appointed in that behalf.

8. An allotment of Rs. 50,000 (fifty thousand) is sanctioned and will be provided in the Budget for 1900-1901 for the purpose of meeting applications for advances under these orders.

No. 668-78—Fl. 65, dated Bangalore, 23rd July 1900.

Order—Numerous instances of delay on the part of District Treasuries in the submission of the prescribed accounts and returns to the Comptroller's Office, had, for some time, come under the notice of Government. The belated transmission of vouchers in some cases and the entire non-submission of the same in others, had also often formed the subject of correspondence between the Comptroller, the Government and the Deputy Commissioners of Districts during several years past. To be able to find a remedy for this unsatisfactory state of affairs, advantage was taken of the presence at Mysore during the recent marriage festivities, of all the Deputy Commissioners of Districts and of certain other high Officers of State possessing an experience of financial and account matters, and a meeting was accordingly held on the morning of the 14th June 1900 for the purpose of discussing the question personally and of arriving at a decision as to the adoption of effective remedial measures. Messrs. A. Rangaswamaiengar (in the Chair) T. Ananda Row, C. Sreenivasiengar, L. Anantaswami Rao, E. R. Subroyer and C. Rama Rao and all the Deputy Commissioners of Districts attended the meeting. The matter was then fully discussed with the result that the importance of Treasury work and the need for the prompt submission of correct and complete accounts, vouchers, &c., were impressed upon, and readily recognized by, all the Deputy Commissioners, as also the fact that the Sheristadars in charge of Taluk Treasuries and the Assistant Commissioners in charge of District Treasuries should be made distinctly to understand that Government had a right to expect them to devote the major portion of their time and attention to Treasury work than which no other part of their duties could be more important and pressing. All the Deputy Commissioners most willingly undertook to look into this matter closely as also to see that their Treasury Assistants and Taluk Sheristadars took special interest in Treasury work, thus securing a strict compliance with codal rules and Comptroller's requisitions. Government hope to see before long a material improvement in the transaction of the work of this most important branch of the Administration of the State—a result which could easily be achieved by Taluk Sheristadars and District Treasury Assistants doing their duty in a satisfactory manner and by Deputy Commissioners of Districts exercising an adequate supervision over their work.

Order—The Government are pleased to direct that a grant of Rs. 1,00,000 for expenditure on the Census operations of 1901, be sanctioned. This expenditure will be spread over three years according to probable requirements, the budget for each of the three years providing only for so much as may be required in that year. The Census Superintendent is requested to be so good as to intimate both to the Comptroller and to the Government, the provision to be made in the budgets of the current and the succeeding two years.

2. As regards disbursements, the Comptroller is requested to submit a classified statement showing the total expenditure incurred on account of the Census of 1891, under the several heads, the expenditure under (1) Establishment, (2) Paper and (3) Printing charges being separately shown and all book adjustments made, duly noted, and to report what was done on the last occasion and what he would propose now so as to avoid circumlocution and ensure promptness.

3. With regard to establishment, the Census Superintendent is authorized to fix the number and scale of salary of the staff including enumerators, supervisors, compilers, &c.) and entertain them subject to a total limit of Rs. 58,573, which according to the Census Report of 1891 was the total expenditure incurred on this account.

4. The Superintendent of Stationery and Printing has already been requested *vide* Government Order No. 109-111, dated Camp Mysore, 7th June 1900) to regard as "Urgent" all requisitions from the Census Superintendent, and he will immediately comply with them.

5. The Census Superintendent may have a monthly contingent allowance for himself and for the Deputy Commissioners. He is requested to fix the amount and the date from which it is required and intimate the same to the Comptroller and to the Government. The amount will be adjusted under the Rules.

OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 28th July 1900.

NOTIFICATION.

Act XXII of 1899 having declared that gold coins, whether coined at Her Majesty's Royal Mint in England, or at any Mint established in pursuance of a Proclamation of Her Majesty's Government as a branch of Her Majesty's Mint (sovereigns, half-sovereigns, two-pound pieces and five-pound pieces) shall be legal tender in India at the rate of Rs. 15 to the sovereign, it is hereby notified, for general information that, under Section 2 of the Coinage Regulation VII of 1900, the said gold coins are also legal tender in Mysore at the rate above specified.

2. The effect of this is that any person who owes a payment to Government, or to any one, may, at his option, pay in such gold coin at that rate.

3. Deputy Commissioners of Districts and Heads of Departments are requested to issue necessary instructions to ensure the acceptance of gold coin of the kind above mentioned at the rate prescribed by law in all payments due to Government.

Letter No. 1170 A., dated Calcutta, the 7th March 1900, from the Under-Secretary to the Government of India, Finance and Commerce Department, Accounts and Finance, Mint, to the Secretary and Treasurer, Banks of Bengal, Bombay and Madras.

The Government of India think it very desirable that means should be taken to familiarize the public with the use of sovereigns, and they consider that, if fairly large quantities can be simultaneously put into circulation, much of the reluctance to receive them, which may otherwise be anticipated, will rapidly disappear, and a portion of the public will be found ready to receive them and keep them in circulation. So long as gold is issued only from the currency reserve it will probably, for some time at any rate, be issued only in small quantities and persons who would themselves be willing to use gold may be deterred from taking it by the feeling that while its circulation is still very limited other persons with whom they deal may refuse to accept it. It appears to the Government that the best method of shortening this period of hesitation will be for the Government to make some of their own payments in gold in the Presidency towns and Rangoon. They trust that in this measure they will receive the hearty co-operation of the Presidency Banks who are not only the disbursers of Government money at the Presidency towns, but also represent the interests of the commercial community and are thus closely concerned in the establishment of an active gold circulation.

2. I am, therefore, to request that, as far as possible, all Government payments which are made in cash at the Head Office of the Bank may be disbursed in sovereigns instead of in notes or silver, so far as multiples of fifteen rupees are concerned. Though the Government do not desire to ask the Bank to observe this practice as an absolutely unvarying rule, they wish to point out that the measure now proposed will not be really effectual unless it is consistently applied in practically all cases where rupees are not obviously an urgent requirement.

3. The Government of India will be glad to learn the views of the Directors as to the success of this measure after it has been in operation for a few weeks.

Copy forwarded to the several Departments of the Government of India; to the Governments of Bengal, Bombay, Madras and Burma; to the Comptroller and Auditor General and Accountants General, Bengal, Bombay, Madras and Burma; and to the Director General of the Post Offices of India.

Letter No. 4639—201, dated 8th February 1900, from the Excise Commissioner in Mysore, submitting a brief report on the results of the sales of the Toddy Shops in the Mysore State for the year 1899-1900 and soliciting early sanction to the additional hands proposed in his letter No. 1684—62, dated 15th August 1899.

2. Also letter No. 6721—464, dated 30th May 1900, from the same Officer submitting, with reference to this office No. 8135—Ex. F. 24-98, a detailed statement of the results of the sales of the date toddy-shops for the year 1899-1900.

No. 339—Ex. F. 24-98, DATED BANGALORE, 12TH JULY 1900.

ORDER THEREON—Government are glad to observe that the sales for 1899-1900 resulted in a satisfactory increase of Rs. 3,35,332-15-11 over the result of the rental of the previous year as particularized below. The revenue improved throughout the State, though there were slight decreases in a few taluks owing to plague, paucity of date trees and want of competition amongst the bidders :—

The following letter No. 618—21, dated the 24th—27th July 1900, from the Excise Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

Adverting to Government Proceedings No. 8185—Ex. 318, dated 4th March 1898, I have the honor to state that, with a view to the correct preparation and publication of the lists of "Date Reserves" without further delay, I have deputed Mr. Davy, the Deputy Excise Commissioner, to make necessary enquiries and inspection in each taluk and submit

to my office a complete and correct list as soon as his enquiry and inspection in each taluk are finished, so that it may be transmitted to Government for publication in the *Gazette*. I have requested the Deputy Commissioners of districts to instruct the Amildars and Deputy Amildars and village officials to give necessary help to Mr. Davy, to enable him to make the lists complete and accurate.

No. 967-76—R. F. 144-93, DATED BANGALORE, 30TH JULY 1900.

ORDER THEREON—The Excise Commissioner's action reported in the letter read above, is approved.

2. The preparation and publication of correct and exhaustive lists of "Date Reserves" should, in the opinion of Government, be no longer delayed. This is a matter to which Government attach the greater importance, and they hope that the Deputy Excise Commissioner will be able to complete his inspection and submit talukwar lists as quickly as possible. Government have no doubt that the Deputy Commissioners and their Assistants, Amildars and Deputy Amildars will give Mr. Davy every possible assistance in this respect, as without their co-operation, and the ready and willing help of the villagers concerned, this important work cannot be carried out as expeditiously and satisfactorily as might be wished.

READ—

Report on the Administration of the Excise Revenue in the State for the year 1898-99 submitted with the Excise Commissioner's letter No. 5786—274, dated 20th April 1900.

No. 415-55—EX. 24, DATED BANGALORE, 16TH JULY 1900.

REVIEW THEREON—With the exception of the enhancement of duty on and retail price of Ganja from Rs. 1-4-0 and Rs. 2-11-4 to Rs. 3 and Rs. 5, respectively, in order to give effect to the recommendations of the Hemp Drug Commission, there was no material change during the year in the administration of the Abkari Revenue.

2. The Abkari Revenue for the year 1898-99 under various heads is compared below with that of the year 1897-98:—

Source of Revenue.	1897-98.	1898-99.	Difference.
	Rs.	Rs.	Rs.
Arrack	20,25,570	19,81,078	—44,492
Toddy	14,69,858	13,31,720	—1,38,138
Ganja	35,759	52,689	+16,930
Opium	38,837	36,518	—2,319
Foreign liquor	2,236	3,160	+924
Beer	2,295	4,572	+2,277
Miscellaneous	7,950	15,692	+7,742
Total ...	35,82,505	34,25,429	—1,57,076

The total realizations were Rs. 34,25,429 against Rs. 35,82,505, thus showing a decline of Rs. 1,57,076 which occurred chiefly under Arrack, Toddy and Opium owing to such unfavorable conditions as the high prices of food grains and the plague and plague restrictions.

3. The monopoly of the manufacture of arrack and other country spirits continued to vest in the "East India Distilleries and Sugar Factories, Limited." There was no change in the number of Farm depots in the Bangalore district or in the bonded depots in the rest of the State. The number of Separate shops rose from 88 to 89 and of Retail shops under vend farmers from 826 to 830. The additional shops were opened to meet the increased public demand. The quantity of arrack and other country spirits issued from the Central Distillery to all parts of the State, including the Civil and Military Station of Bangalore, amounted to 425,355 gallons against 427,879 gallons of which 342,181 gallons, against 352,066 were consumed in the State, which gave an incidence of 3·6 drams against 3·7 drams per head of population. The decline in consumption was general almost throughout the State except in the Kolar Gold Fields and in the Hiriyur taluk where there was a noticeable increase owing to the continued increase of the laboring population on the Mines in the former and on the Marikanave Works in the latter locality. The fall in consumption in the coffee tracts was due to the continued depression of coffee industry and in the other parts of the State where plague broke out and preventive measures were adopted, it was mainly due to the dispersion of arrack consumers and the prohibition of fairs and jatras. The results of the sales of Vend farms showed a decrease of Rs. 12,230 while those of the Separate shops showed an increase of Rs. 25,323.

4. *Toddy.*—The Tree-Tax System was introduced in its entirety throughout the State. Under this system the right of vending toddy in each individual shop or group of shops is sold by public auction, the licensee being required to pay in addition to the shop rent a tax for every tree tapped by him for the supply of toddy to his shop. Under an arrangement with the Madras Government the tax on trees tapped in the Madras Presidency for consumption of toddy in the Mysore State was credited to Mysore Government and *vice versa*, the rate being the highest in force on either side of the frontier. The number of trees tapped in British Territory for Mysore shops was 12,541 while that of trees tapped in Mysore for British shops was 19,662.

The number of Toddy shops in the State decreased from 3,093 to 2,969 during the year under report, 124 shops having been abolished as superfluous. The trees tapped during the year numbered 505,071 against 1,094,981 and the consumption of toddy amounted to 12,966,921 gallons against 15,127,834 gallons in the previous year. The following table shows the realizations under Toddy (including Bagani) Revenue:—

Year.	Tree-tax.	Shop rent.	Total.
	Rs.	Rs.	Rs.
1897-98	10,41,695	4,28,163	14,69,858
1898-99	5,80,928	7,50,792	13,31,720
Difference	—4,60,767	+3,22,629	—1,38,138

The total revenue amounted to Rs. 13,31,720 against Rs. 14,69,858 which gave an incidence of Re. 0-4-5 against Re. 0-4-10 per head of population. The heavy decline was partly due to the prevalence of plague and the adoption of preventive measures against its spread and partly to the introduction in its entirety of the tree-tax system. The tree-tax system was successfully enforced in the bagani tracts of the malnad districts. The revenue in the districts of Hassan and Kadur was more than double that of the previous year, while Shimoga showed a decrease from Rs. 13,507 to Rs. 10,007 due to many shops not having been taken up under the new system. Taking the unfavorable circumstances of the year into consideration the working of the tree-tax system may be considered fairly satisfactory.

5. *Ganja.*—Ganja was cultivated to a small extent in certain selected parts of the Bangalore, Kolar, Hassan, Kadur and Mysore districts. The quantity of the drug imported into the State including that purchased from the local cultivators amounted to 32,329 seers against 19,560 in the previous year, of which 18,435 seers against 23,525 were consumed. The number of Wholesale shops remained the same as in the year previous while the number of Retail Ganja shops rose from 180 to 190. The revenue from Ganja amounted to Rs. 52,689 against Rs. 35,759, the increase being mainly due to the enhancement of the rate of duty.

6. *Opium.*—The Opium required for consumption in the State was as usual obtained from Malwa The number of Opium shops at the close of the year was 113, being 7 more than in the year previous. The population per shop was 42,863 against 45,694 in the previous year. The quantity of opium consumed in the State was 3,351 seers against 3,704 seers in the previous year. The realizations under this head amounted to Rs. 25,585 against Rs. 30,082.

7. *Foreign Liquor.*—The only source of revenue from Foreign Liquor was from license fees which amounted to Rs. 3,160 or Rs. 924 in excess of the previous year's realization. The quantity of foreign liquor consumed in the State including double distilled liquor was 48,623 gallons against 49,145 gallons in 1897-98.

8. *Beer.*—The quantity of Country Beer consumed in the State amounted to 14,148 gallons against 11,070 gallons and was supplied by Messrs. Smith and Maigondadeva Mudaliar & Co., Brewers in the Civil and Military Station of Bangalore. The duty and rental under this head aggregated Rs. 4,572 against Rs. 2,295.

9. *Miscellaneous.*—The increase under this head from Rs. 7,950 to Rs. 15,692 was mostly due to the proportionate cost of the Excise establishment payable by the Civil and Military Station for two years, 1896-97 and 1897-98, having been received and credited during the year under report.

10. *Preventive Measures.*—There was an increase from 451 to 675 in the number of cases detected against Excise Laws and Rules. The percentage of convictions was 78·9 against 74·8. The fines inflicted by the Magistracy amounted to Rs. 4,082 of which Rs. 140 were paid as rewards to officials by whom the cases were detected.

11. The total Revenue under all heads which aggregated Rs. 34,25,429 gave an incidence of Re. 0-11-4 against Re. 0-11-10 in the previous year. Deducting the expenditure of Rs. 2,87,535 from the total revenue, the surplus amounted to Rs. 31,37,893 as compared with Rs. 33,07,512 in the previous year.

12. The year having in every way been an unfavorable one, Government consider that the above decrease of revenue notwithstanding, the administration of the Department was on the whole satisfactory. This report which was due on the 1st September 1899 was not forwarded to the Press Office until the 1st of February 1900, a delay which is much to be regretted and against the recurrence of which in future the Excise Commissioner will take such steps as may be necessary.

F.-21-97, dated the 19th May 1900, and framed under the provision of Opium Act 1 of 1878, do hereby grant this license for the wholesale and retail vend of opium and preparations or admixtures of opium and intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, to residing in the Town or Village of in the Taluk of in the District of in the Mysore State, on the following conditions and restrictions, the infringement of any of which shall render the guilty parties liable to the penalties involved for a breach of these License Rules, or of the Opium Laws, on trial before a Magistrate.

I. That the license shall not be transferable by sale, gift, mortgage or otherwise, and that no person except such as are named herein, shall have power to act under it.

II. That the vendor shall equally with the license-holder be responsible for breach of any of the conditions of this license. The employment of persons suffering from leprosy or any contagious disease in the shops is prohibited.

III. That opium in quantities of not less than one seer shall be purchased at the prescribed rate of Rs. 31-4-0 per seer of 80 tolas or 6¼ annas per tola, by the license-holder or vendor from a Government Treasury or in any quantity from any other licensed vendor, provided it be the opium that had been purchased from Government and none other; and the purchase in either case be covered by a pass in the prescribed form. The bulk of the consignment shall not be broken during transport.

IV. Shops shall be classified by the Excise Commissioner, subject to such orders as may be issued by Government from time to time, and license fees levied according to the following scale :—

1st class shop selling 10¾ seers or more per mensem shall pay						Rs.	10	per month.
2nd	do	8	do	do	do	Rs.	3	do
3rd	do	4⅘	do	do	do	As.	8	do
4th	do	less than 4⅘ seers				Nil		

The fee for each license shall be payable quarterly in advance on 1st July, 1st October, 1st January and 1st April in each year, together with a surcharge of four annas on sales of every seer in excess of sixteen seers of opium per mensem.

These rates do not apply to shops sold by public auction under clause (ii) of para XII of the Opium Rules.

V. That all sales of opium and preparations or admixtures of opium and intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking shall be made by the license-holder or vendor in the said shop and not elsewhere under any pretext whatsoever, except where this license is held as an "Itinerating License," when the sales shall be restricted to the circle for which it may have been granted as prescribed at the head of this license; while, in other respects, the conditions and restrictions laid down in this license, and the Mysore Opium Rules and Act, shall be strictly complied with by the "Itinerant" holding this license. The itinerating license-holders shall take the license, permit or pass, and shop account books first to the Amildar of the place, if it be a Taluk Kasba, and also to the Police Station Officer; and at all other places, to the Village Patel. These officers on satisfying themselves that the party is the same as named in the license, and by reference to his books, &c., shall *forthwith* permit the holder or vendor named therein to sell the opium and preparations or admixtures of opium and intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, and take steps to see that the Rules are not infringed.

VI. That the whole of the stock on hand shall always be kept by the license-holder or vendor in the shop. No items of food or drink shall be vended in any retail opium shop.

The following stock shall always remain on hand and not be trenched upon except when the Taluk Treasury runs out of stock :—

	Opium.	Remarks.

II. At all Taluk Kasbas	6 tolas.	
III. Village shops within five miles from Taluk Kasba.	3 tolas.	
IV. Village shops more than five miles distant from Taluk Kasba.	Stock equal to one day's sale for every ten miles from Taluk Kasba and not less than the stock fixed for shops within five miles of the Taluk Kasba.	

VII. That the opium sold, or offered or kept for sale shall not be adulterated, but it shall be sold, offered, or kept for sale in the exact condition in which it was purchased from the Government Treasury by the license-holder or vendor. The retail price of opium to the public throughout the State shall be Rs. 37-8-0 per seer of 80 tolas or $7\frac{1}{2}$ annas per tola. That any preparations or admixtures of opium, and intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, shall be kept duly labelled, and offered for sale or sold *bonâ fide* as such, and duly accounted for in the shop accounts. The opium which has become dirty, can be utilized for the preparation of "Maddat," which can be sold at the bar, but not consumed on the premises under any pretext whatever, nor sold publicly or privately to any one keeping a "Maddat-khana" or any such institutions under other name whatsoever, to smoke or consume opium or ganja or any of the preparations thereof. Maddat purchased by private individuals may be consumed by themselves, but not *sold to others.*

VIII. The scales and weights used by the license-holder or vendor shall be true and accurate. The use of the temporary weights, wax and other such fixtures to adjust the scales are strictly interdicted. The license-holder or vendor shall have no pecuniary dealings with any Excise Officer.

IX. That the license-holder or vendor shall not receive any wearing apparel or any other article whatsoever in barter or pledge for opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy other than preparations or admixtures of opium used for smoking. Payments for opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, shall be made in ready money only, and the license-holder or vendor shall not knowingly sell or give any of them to any person under 16 years of age. The quantity of opium and intoxicating drugs prepared from the poppy, that can be sold by retail, shall not exceed 3 tolas; and the quantity of preparations and admixtures of opium other than those used for smoking, that can be sold by retail, shall not contain more than three tolas of crude opium. Any larger quantity sold shall be considered as a wholesale sale. The holder or vendor can sell opium and preparations or admixtures of opium and intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, by wholesale only in the following cases :—

(1) To another licensed opium vendor, any quantity ;

(2) To any medical practitioner licensed under the Mysore Opium Rules, not more than one seer of opium or of each of the preparations or admixtures of opium or intoxicating drugs prepared from the poppy,

other than preparations or admixtures of opium used for smoking or two seers of them in the aggregate.

X. That the shop shall be an open "Dukan," and no windows shall be allowed to the rear or ends of the building. That the whole shop shall be so constructed that all persons inside shall be clearly seen through the door or windows by any one passing to and fro in the street, and that no second room shall be allowed therein. The use of boxes, screens, &c., to conceal the scales and weights, &c., from the eye of the public is prohibited.

XI. That all purchases of opium made by the license-holder or vendor shall be covered by a "Pass" in the prescribed form.

XII. That the license-holder or vendor shall not open his shop, or make sales therein before 6 A M, and that he shall not keep it open or make sales therein after 9 P M., except on special permits in cases of Native festivals, &c., and that he shall not harbour any person therein during the night. The shop shall be kept open during the authorized hours unless its temporary or permanent closure is authorized by the Deputy Commissioner.

XIII. That the license-holder or vendor shall not permit prostitutes nor persons of notoriously bad character to resort to his shop or remain therein; that he shall prevent gaming and disorderly conduct therein; and that he shall give information to the nearest Magistrate or Police Officer of any suspected person who may resort to his shop.

XIV. That the license-holder or vendor shall not sell nor give opium nor any admixture or preparation of opium, or intoxicating drug prepared from the poppy, either directly or indirectly, to any European non-commissioned or warrant officer or private soldier or to any European or East Indian woman connected with or related to men of those classes, or to any Excise or Police Officer or Railway servant on duty.

XV. That the license-holder or vendor shall not permit the consumption of opium, or any admixture or preparation of opium, in the shop or on the premises under any pretext whatever.

XVI. That the license-holder or vendor shall have constantly fixed up, at the entrance of his shop, a sign board bearing the following inscription, in legible characters in the vernacular language, painted thereon, thus—

License No. 16.
B. A. Timmaiya, License-holder.
"Licensed to sell opium."

XVII. That the license-holder or vendor shall close his shop, if situated on or adjacent to, the line of march, whilst a Regiment or detachment of troops is passing, or encamped in the vicinity, should the Deputy Commissioner so direct.

XVIII. That the license-holder or vendor shall keep up daily an account, which shall be true and correct and in the prescribed form. The preparations or admixtures of opium and intoxicating drugs prepared from the poppy shall be separately accounted for. The quantity of pure opium taken for the preparations or admixtures of opium shall be duly booked in the column provided therefor in the regular opium account and the quantity of the preparations or admixtures made therefrom, and the sales thereof shall appear in the particular account opened for each preparation or admixture separately, in the shop account book.

XIX. That the license-holder or vendor shall immediately produce his license, pass book and accounts for inspection on the demand of any officer of any of the Excise, Police, Customs, Municipal, Opium, Revenue and Judicial Departments, superior in rank to a peon or constable, and that he shall not prevent any such officer of whatever rank from entering his shop at any hour of the day or night.

XX. This license shall have effect from to unless a special order recalling it has been issued by the Deputy Commissioner, for violation of any of the conditions specified in this license.

XXI. That the license-holder or vendor shall be bound by any additional General Rules which may, from time to time, be prescribed under the Opium Act, and shall, on requisition by the Deputy Commissioner or by any Officer duly authorized by the Deputy Commissioner deliver up his license for amendment or for the issue of a fresh license.

XXII. If the licensee, on the expiry of his license, has in his possession any opium or preparations or admixtures of opium or intoxicating drugs prepared from the poppy, other than preparations or admixtures of opium used for smoking, which he is unable to dispose of to the satisfaction of the Deputy Commissioner, by private sale to other licensed vendors, he shall surrender the same to the Deputy Commissioner, and the in-coming licensed vendor or if the expired license is not renewed any licensed vendor within the district, shall, when required by the Deputy Commissioner, be bound to purchase the articles aforesaid to the extent of two months' supply at such price and in such quantities as the Deputy Commissioner shall adjudge: provided that the price thus adjudged shall in no case exceed the rate at which opium can be procured from the Government: provided also that if such articles are declared by the Civil Surgeon to be unfit for use, the Deputy Commissioner shall cause the same to be destroyed.

XXIII. On the infringement of any of the above stipulations or other conditions imposed by the Opium Act of 1878, or by the Rules made thereunder, this license shall be forfeited unless otherwise ordered by the Deputy Commissioner; and the license-holder or vendor shall be liable to be prosecuted under the Opium Law.

Correspondence ending with letter No. 3725—562, dated the 14th May 1900, from the Conservator of Forests in Mysore, submitting the Budget estimates of Receipts and Expenditure of the Mysore Forest Department for the year 1900-1901.

No. 413-14—Ft. F. 19-99, dated Bangalore, 16th July 1900.

Order thereon—The Budget estimates of the Forest Department showing in the aggregate an income of Rs. 12,75,000 and an expenditure of Rs. 5,07,500, as particularized in the statements given below, are sanctioned and forwarded to the Comptroller for incorporation in the Provincial Budget. New charges will of course not be incurred without express and specific sanction.

2. The provision of Rs. 1,318 made for malnad batta to watchers will stand pending orders on the Conservator's letter No. 3875—130, dated the 22nd May 1900, requesting sanction to the introduction of malnad allowances.

3. An increased provision has been made for the temporary establishment which was intended to be absorbed into permanent establishment. But as the Conservator explains his reasons for retaining the temporary establishment, this provision is allowed to stand with the observation that there must, at the end of the year, accrue a saving in the cost of the permanent establishment to the extent at least of the cost of the temporary establishment.

III. FORESTS.				
1. Timber and other produce removed from the forests by Government agency—				
(a) Timber ...	1,15,710	1,92,100	1,70,000	The decrease of Rs. 21,800 is due to the proposed curtailment in the collection of timber to the depots, especially of the Mysore and Kadur districts and to the low amount expected to be realized from the depots of the Bangalore City extensions.
(b) Firewood and charcoal.	25,075	19,400	12,800	The decrease of Rs. 6,600 is due to the abolition of the temporary firewood depots in the Kolar district and the establishment, soon after the decrease of plague, of private sale depots in the Bangalore City.
(c) Bamboos ...	20,800	25,500	17,300	The decrease of Rs. 8,200 is due to the non-effecting of the sales of bamboos in the depots of the Bangalore City extensions and the want of demand in other districts especially in Shimoga and Kadur and partly to foster the sale in the forests under licences.
(d) Sandalwood ...	8,06,138	7,25,000	8,11,000	The increase of Rs. 56,000 is due to a higher average rate per ton expected to be realized.
(e) Grass and other minor produce.	37,631	43,000	58,300	The increase of Rs. 15,300 is expected to be realized from the collection of gill-nut departmentally in the Shimoga district and to the proposed collection departmentally, as an experimental measure, of minor forest products of certain district jungles in certain taluks of the Mysore district.
(f) Wood fuel ...	...	...	...	
Total ...	10,01,954	10,36,300	10,70,200	
2. Timber and other produce removed from the forests by consumers or purchasers—				
(a) Timber ...	6,190	13,100	22,000	The increase of Rs. 9,000 is due to the proposed extension of permit system of sale of inferior timber in forests as they are unfit for depot collection.
(b) Firewood and charcoal.	32,742	32,100	45,000	The increase of Rs. 12,900 is expected in the Bangalore and Kolar districts owing to the demand for fuel supply for the mills in the Bangalore City and for the gold mines in the Kolar district.
(c) Bamboos ...	15,922	25,000	31,100	The increase of Rs. 6,100 is due to the anticipated increased sales of bamboos consequent on the more extended use of the permit system and to an expected reduction in sale rates.
(d) Grazing and fodder grass.	29,419	36,000	35,000	The revenue from this source is a fluctuating one depending solely on season prospects and the decrease of Rs. 1,000 calls for no special remark.
(e) Other minor produce.	89,613	1,18,000	62,200	The decrease of Rs. 55,800 is due to the falling off of demand for lampadi bark owing to the depression of the tanning industry and to the proposed collection departmentally of gill-nut and other products in the Mysore and Shimoga districts.
Total ...	1,64,516	2,24,200	1,95,300	
3. Confiscated drift and waif wood.	3,392	2,200	2,100	The decrease of Rs. 100 calls for no remark.
4. Revenue from forests not managed by Government—				
(a) Duty on foreign timber and other forest produce.	...	...	...	
(b) Revenue from shared and private forests.	...	...	...	
5. Miscellaneous—				
(a) Fines and forfeitures.	3,852	3,230	4,300	These items call for no remarks.
(b) Refunds ...	893	300	200	
(c) Other sources ...	8,065	3,770	2,300	
Total ...	12,291	8,000	6,800	
7. Receipts on account of Naval Brigade of Commendatti and Kamchalli Lascals.	...	800	300	
Total III. Forests ...	11,82,142	12,70,000	12,75,000

A. Conservancy and works—				
1. Timber and other produce removed from forests by Government agency—				
(a) Timber	74,774	81,290	68,390	The decrease of Rs. 12,890, is due to the proposed smaller collections of timber partly to the depots of the Bangalore City extentions and partly to the depots of the Mysore and Kadur districts.
(b) Firewood and charcoal.	12,888	9,880	6,750	The decrease of Rs. 3,130 is due to the demand for fuel being now supplied by private enterprise.
(c) Bamboos ...	19,109	14,900	7,300	The decrease of Rs. 7,600 is due to the proposed smaller collections of bamboos.
(d) Sandalwood ...	65,973	48,350	44,930	The decrease of Rs. 3,420 is due to the full collection of the prescribed quantity, viz., 2,000 tons at a lower average rate, viz., Rs. 22-3-0 per ton.
(e) Grass and other minor produce.	14,806	16,700	24,550	The increase of Rs. 7,850 is due to the proposed collection departmentally both in Shimoga and Mysore, of larger quantities of gall-nuts in the district jungles besides the usual collection of gall-nuts and other minor products.
(f) Wood-fuel for Mysore State Railway.	...	...	...	
Total ...	1,87,550	1,71,110	1,51,920	
2. Timber and other produce removed from forests by private agency.	4,022	4,570	5,270	The increase of Rs. 700 is due to the establishment required to keep watch in certain forests and plantations of the Kolar district where fuel fellings take place and the total provision covers the cost of the temporary establishment employed for the protection of the so-called Fuel Reserves brought under departmental control, mainly in the Bangalore district.
3. Confiscated drift and waif wood—	22	250	250
